

Safe Environment Training For St. Theresa Parish Volunteers

In order to volunteer at **St. Theresa Parish** you are required to participate annually in Safe Environment Training referred to as SET.

SET FOUNDATION TRAINING

If you are a new volunteer and you have never had any SET training, or you have not taken any kind of renewal in the past 5 years this is for you! You must go to the NEW Safe Environment website at phoenix.setanet.org and register for one of the classes. Once you have registered online for your class, please contact your ministry head to coordinate with them when you can fill out your 'Volunteer Application Form' (this form must be filled out before you come to the SET Foundation training).

SET ONLINE RENEWAL

Renewal is available online each new year beginning July 1st and we encourage you to complete the renewal session as soon as possible. To complete the 2018 SET Renewal video, please go to phoenix.setanet.org. When you have completed the class, please send your Ministry Head an email confirmation that you are done.

For questions or for more information, please contact Rita Laguna in the Parish Office @ 602-840-0850 or rlaguna@sttheresaphx.org.
