

## *Promenade National Locos and Boxcars*

One of the great events at each Promenade Nationale is the annual Children's Party sponsored by the Boxcar Committee and assisted by the Hobos. We also usually arrange for the Rolling Stock in attendance to let the children from the Party view/sit on the Locis. They LOVE to ring bells and blow the whistles!

In order to properly plan for the Children's Party and parking at Promenade Nationale, the 100<sup>th</sup> Promenade National Committee is asking for the following information from those Locales planning on bringing Rolling Stock.

Being that this is the 100<sup>th</sup> Promenade Nationale and the significance of this event, we are asking that all Locales that have Locomotives or Rolling Boxcars bring them to show off to the public and also to share with the Voyageurs and Dames in attendance. We will have Newspaper and possible TV Coverage, so these are the things that get that PR we so desperately need!
