

The Zephyr

PULSE CHECK...

Thank You to everyone who supported the PULSE event. I'm not sure it will translate into immediate results, but the point is to make people aware of what we do.

Thanks to those who made their boats available, although the weather was not very nice so we did not get people out in the lake. We did have one group sail around the harbor in a flying scot.

We had a "rain check" sign-up and there are some folks looking for sailboat rides when the weather starts looking like June.

WEED CUTTING

What would a summer Zephyr be without some page space devoted to the weeds?

The lousy weather has held the growth at bay, but to be proactive we've worked with the city to get the first cutting done next week.

Of course this means that we will need some member help in getting boats moved off plugs for a few days next week.

Please contact John Ross at harbormaster@nnyc.org if you can help with this effort. Details and exact times are forthcoming.

GET TOGETHER

Tomorrow night will be the first of 3 monthly gatherings held at Greene's Pourhouse in Neenah. We have the upper level reserved starting at 7:30PM.

SAIL EXPO - THIS WEEKEND

We will be holding a Sail Expo on the Saturday of June 15th from 10 until 2:00 pm. Some members may remember this event from a few years ago. We would hold it in the dead of early May, when a 40 degree day was sure to unfold.

We are reviving the event this year, and moving it to June.

Nicer weather, more boats in the harbor, parents looking to spend left-over college savings, will surely translate into more foot traffic.

If you are available to talk sailing for a while (who doesn't?), or would like to showcase your boat at the seawall, we would love to have you.

Please contact sailpromotion@nnyc.org to find out how you can help.

CREW LIST

If you are a boat owner looking for some racing crew, or need an extra hand to get out sailing, you can send an email to crew@nnyc.org. Your message will be delivered to people who have joined our crew mailing list.

If you are interested in getting on this list, you may add your name via the website:

RC SCHEDULES

The RC schedules are posted online. Please check the website to find your assigned nights.

Tuesday 6/11: Fox, Reid

Wednesday 6/12: Couillard

Thursday 6/13: Andrew Nelson

Tuesday 6/18: Tedlie, Laedtke

Wednesday 6/19: Mintern

Thursday 6/20: Bryson

WINDCHIMES

Boats moored in the harbor, please help us out. The sound of a distant halyard plinking in the breeze might sound like nice therapy. 49 halyards clanging all night long more closely resembles a 5th grade band concert. Please find a way to secure your halyards so they are not pulled tight against your mast.

You can find a place on your stem fitting or bow pulpit to attach them to. Use your main halyard to hold up the boom. Attach a bungie cord between the halyard and the side-stay to hold the line away from the mast. Thank You.
