WEED CUTTING ASSISTANCE

The City of Neenah will be cutting weeds in the harbor this week. We are asking all boat owners in the harbor to assist us by moving their boats to the Riverside Park Sea Wall between Tuesday 2:00 pm and Wednesday at 9:00 am.

We will be rafting the boats off the wall, and we are requesting that you put out fenders on the starboard side of your boat, and secure your boat with a bow and stern dockline. If you have extra fenders, please put them out as well.

Boats in the hospital moorings can remain in place. Boats will be returned to the moorings after the work is done.

We are also in need of volunteers on Wednesday from 9:00 am until 2:00 pm to move boats before and after the cutting.

If you can assist during either or both of these times, please contact John Ross 920-426-1921, harbormaster@nnyc.org, or meet at Riverside Park on Wednesday AM.

JOSH BEVERLIN TRIBUTE

Thank you so much for those who came out to support the Beverlins and pay tribute to the life of Josh. Jill had a beautiful sentiment which she expressed here: [Facebook](#)

SAIL RALLY

The NNYC will be hosting a sail rally, poker run style, on Saturday, August 10. The event will include utilizing (or learning!) navigational skills and a pot luck dinner at High Cliff. Our event will be tied in with their annual Corn Roast on the same day.

This is a sailing event, not a race and will be very family friendly and a great time to get new people out on a sail boat. Please find the [invitation online](#).

WEATHER REPORT

A couple weather notes to put out there for the sailors: <http://wilakeweather.com/> has some local webcams and lake-specific weather.

NOAA also has a Winnebago wind forecast. They are keeping it a secret by making it unlikely to find from their website. Here is the link:

One of our members has sent feedback to the link at the bottom of their main page. The NOAA is accepting constructive feedback about the accuracy of the forecast and wave heights.

SAILING SUPPLY

As most boat owners know by now, the West Marine in Appleton has closed. Krueger's True Value in Neenah has a marine parts catalog available for people to order items from.

The shop at the Menasha Marina also has some boating materials available and has a catalog available for ordering with delivery typically the next day.

I also received notes that <http://www.valleymarinemartinc.com/> sells many items as well.
