MONTHLY SAILOR GATHERING

Next week August 13th will be the 3rd installment of the monthly club gatherings at Greene's Pourhouse in Neenah. Same routine as last time, upper level reserved after 7:30 PM. Specials with your NNYC card. See you there.

Last weeks winning boats are entitled to a free Pizza!

TWILIGHT SAILING

We are having one last twilight sail this Sunday August 18th. We will have the grill out at the NNYC shed in Riverside Park. Bring some thing to grill and a dish to share.

Moonrise 6:02 PM, Sunset 7:55 PM

Grill lights up at 5:30!

SAIL RALLY

Congrats to the winners of the Sail Rally (best and worst poker hands): Narnia (1st), Sail la Vie (2nd), and Up Oars (worst). We had a fairly nice day for sailing followed by a fun corn roast at High Cliff and then a gorgeous night for sailing back or sitting around the fire at High Cliff. Thanks again to the HCYC for letting us crash your corn roast! We hope to see all of you at our corn roast at the end of the month.

PHOTO CONTEST

The NNYC is holding a photo contest this year with four categories; crew, harbor, sunset and overall photos. Entries are encouraged from all members. Prizes will be money towards any NNYC logo merchandise of the winners' choice from Sports Graphics. Best crew, harbor and sunset photo winners will be \$40 credit and best overall photo will receive \$50 credit. There will also be smaller prizes for honorable mentions.

Please send submissions to webmaster@nnyc.org

LOST AND FOUND

Dale Counihan found a blue NNYC hooded sweatshirt in Riverside Park last Wednesday night, 7/31.

WEATHER REPORT

A couple weather notes to put out there for the sailors: <http://wilakeweather.com/> has some local webcams and lake-specific weather.

NOAA also has a Winnebago wind forecast. They are keeping it a secret by making it unlikely to find from their website. Here is the link:

http://www.crh.noaa.gov/grb/?n=lk_winnebago

One of our members has sent feedback to the link at the bottom of their main page. The NOAA is accepting constructive feedback about the accuracy of the forecast and wave heights.
