2014 NNYC WALL CALENDARS

Any members who haven't already done so can pick up their one spiral bound 2014 wall calendar from the contacts below. Additional calendars are available for purchase by members for \$5.00 picked up or \$8.00 shipped. These make a fantastic gift for anyone interested in sailing and NNYC history. They will make a way better stocking stuffer than another pair of argyle socks. The calendars have dozens of great photos, both old and new, and lots of historical info. You can have some mailed out by contacting Don Reid - donreid@nnyc.org, or contact an individual listed below for pick up.

GIFT IDEAS

Still looking for that perfect gift for your sailor friend or spouse? Or haven't found that fun little gift for yourself yet? Consider giving something from the [NNYC store](#). We have great merchandise that would work as stocking stuffers or gifts, including floating key fobs, window decals, bags, t-shirts, sweatshirts, polo shirts, etc. If you are looking for something specific that you haven't seen displayed at a NNYC event, you can also go to [Sports Graphics](#) (Menasha) and look through their supplier catalogs to find just the right piece. For something really special, you can also have the new 150th year anniversary logo embroidered or screen-printed on any item also.

150 YEARS STRONG

The start of 2014 is right around the corner and our 150th anniversary will be upon us. As part of the celebration we are going to be presenting content from the club's history on our website. There will be pictures from different eras of the NNYC, historic records and minutes, as well as stories about our heritage. The 150th committee has been reaching out for stories, pictures, and film and is busy getting this content ready as well as planning exciting events. Stay tuned for more details! If you have something you would like to share please contact Doug Hatch at treasurer@nnyc.org or 920-729-1638.

To celebrate this event, we have also created a special anniversary logo that will be used in 2014 to signify the importance of and our excitement for this special year. (See logo at right).

GARY JOBSON LECTURE

Due to a scheduling conflict with the original date of Friday July 11th world class sailor, television commentator, and author, Gary Jobson will be giving a lecture on Saturday July 12th to follow the NNYC 150th Top of The Lake Invitational Race! Stay tuned for more details. For more info on Gary Jobson see his website: www.jobsonsailing.com

ICEBOATING

For those of you sharpening up your runners here is a look at current ice conditions on the lake. Right now the ice is only 1.5 inches thick in a lot of places and very rough along the north and east shore the west shore. Improved conditions look promising after the cold snap forecasted this weekend.
