### TUNE-UP RACE

Tomorrow night (Tuesday, May 20) is the tune-up race. First start will be at 6 PM. Get out and enjoy this chance to work the bugs out of your boat and get back in the racing groove before the start to the first series next week! Come out and race singlehanded or you can run a practice race with your crew. We are looking for a couple volunteers to help out on the committee boat, leaving the dock by the library at 4:45 PM. Contact [Glenn](#) if you can help out.

### SHHHH....

Be sure to tie back your halyards to your side stays with a bungee to keep them from clanging around on your mast. Quiet masts make for friendly neighbors that live by the harbor!

### NODAWAY 150 REGATTA AND "AN EVENING WITH GARY JOBSON"

We are getting very excited as we prepare to host guest speaker, Gary Jobson and hold our Nodaway 150 Regatta on July 12th. Sign up now and you can save \$10 off of race entry and \$5 off of the dinner and Gary Jobson tickets (prices increase after 6/20/2014). We will also be printing a special t-shirt for the race- sign up by 6/20 to get one before our printing run. [Click here](#) to find more info, get the forms, and see the shirt design. Don't miss out on this once in 150 year event!

### IN THE WORDS OF SECOND GRADERS

*Here are some of our favorite quotes from our essay contest for second graders on, "Why I would Like to Go Sailing" The grand prize winner received a session with Fox Valley Sailing School. Other prizes included family sailing outings.*

*"Once someone wise once told me the joy is in the journey. And for sailing that is very true."*

*"Another reason I should go sailing is because sailing has gone so far back in history for example the Mayflower. Without it you and I may not be here."*

*"Sometimes, people need to get off the sofa, and get off the video games and start getting active. I like the idea of sailing because you can get out into the fresh air, and not trapped indoors with a TV screen right in front of your face."*

*"Why I would like to go sailing is because my family could come too. So we can eat on it. And we can go where ever the wind takes us. And also se we can spend quality time together."*

*"I think you should go sailing because it's a fun sport. It's a fun sport because you can get wet, and you can feel a cool breeze."*

*"I want to go sailing because the people that came... were so convincing that I was wishing it was summer right then."*

*"Another reason why I'm interested in sailing is it can relax and calm your nerves, let go of work and just sit down and relax. And also you can learn many things about sailing that can take your mind off bad stuff."*

*"I would love to go sailing. I think it would be fun to learn how to sail! Don't you? Also because I know it's safe and fun! Oh, yeah and because I LOVE water!!!"*

*"Sailing calms people down. Just to see the water seems like I'm flying."*

*"I just hope to go sailing because I seen a movie about sailing and it looked so fun hopefully my mom will say yes!! P.S. I might be a little scared."*
