NODAWAY 150 REGATTA

We are getting ready for our big three race regatta on Saturday July 12th. If you want to be part of the fun you can register [HERE](#).

SUMMER SAILSTICE FARMERS MARKET

Thanks to everyone who made the sailing themed Neenah Farmers Market a great time for kids and families that stopped by. We had temporary tattoos, face painting, decorate a sailors hat, knot tying, origami boats, friendship bracelets, foam boats for gutter races, code flag puzzles, and our ever popular wooden dingy photo prop. We had a great time promoting our club in the community!

WEBCAM IN HD

Want to know what the lake is looking like? Maybe you want to see the madness of people out breaking their Lasers in big wind and waves. Or to check out those colorful Opti sails of the Fox Valley Sailing School...you can see all that and more at foxriversystemwebcams.com. The "Neenah" camera was recently upgraded to high-definition with a faster refresh rate and gives you a picture tour of different areas of the lake by changing the view every 30 seconds.

FROM THE ARCHIVES

In this colorful installment learn about the history of Bill Kellet's A Scow *Winnefox* as it is told by scow guru, Willie Crear. If you want to learn the history of an A Scow from new boat to racing the Chicago to Mackinac and eventually ending up in Finland and see some pictures of the boat through the years check out [The Real History of Bill Kellet's Winnefox](#).

PARADE OF LIGHTS

Looking for a fun way to kick off the 4th of July Holiday weekend? Walk with us in the Parade of Lights on Thursday, July 3rd. For this exciting and patriotic night parade we will have a C Scow all lit up in red, white, and blue with walkers following behind lit up with glow sticks and battery powered lights with candy to pass out to kids. Contact communications@nnyc.org if you are interested.
