JANUARY NNYC SOCIAL GATHERING

Our first social gathering of 2016 will be tomorrow **Tuesday, January 12th starting at 6PM** at the Riverwalk Hotel in Neenah. This will be our first gathering for 2016 so come out for some food, fun, and good company!

DRAGONFORCE 65 R/C SAILING

The DragonForce 65 R/C fleet had our first launch and meeting on Sunday, January 10th. We had a nice crowd of dragon sailors and spectators on hand. Drinks from the bar were brought down to us and we enjoyed the warm temperature of the pool room while it was in single digits outside. The Packers game was on in the adjacent fitness room but all eyes were far more intrigued by the close action. The goal of this first race was to make mistakes, evaluate our process, and learn. We were all glad the DragonForce comes with a rubber bow bumper from the factory and as such no major carnage occurred. Races were held in heats of 5 boats to keep things from getting too wild. Following the sailing the fleet met in the bar to discuss the sailing and make plans for the future. People are interested in racing more than once a month so we are discussing additional days. Our February schedule could change based on the Packers schedule in the case of them having a home game on February 14th. Stay tuned for more details from the DragonForce fleet!

If you want to learn more or have any questions please contact R/C fleet captain Mark Johnson at mark@bejubi.com.

SAILONLINE.ORG RACE 2016

NNYC will once again be partnering with SailOnline.org to host a computer race around Lake Winnebago **starting at 10AM on Saturday, February 6th** for racers here and all over the world. The race tests your skills in navigation and plotting to make it around the marks as quickly as possible using the actual weather data of the day! **This will be the first ever sailonline.org to use DN iceboat polars!**

If you are interested, **please register [here](#)** All you need to provide is your email address, a boat name, and password. We suggest using the prefix "NNYC_" on your boat name. For example, Derek Walker has NNYC_Scooter. Feel free to use your real boat name, or something else.

If you have any questions you can contact Derek Walker at jderekwalker@gmail.com
