Our monthly Wednesday programs include the continuation of a three-part series, *The Wisdom of the Dream*. The second part of the series, *Inheritance of Dreams*, focuses on Carl Jung’s conception of archetypes — the stories and symbols that are shared by different cultures and that make up the Collective Unconscious. During this segment, Jungian Analyst Dr. John Beebe, M.D., identifies archetypes in science-fiction films such as *Star Wars*®, and the video features rare footage tracing Jung’s travels to Africa, Britain and New Mexico.

The segment will include a moderated discussion with the Rev. Daniel Budd.
