

Offering cup

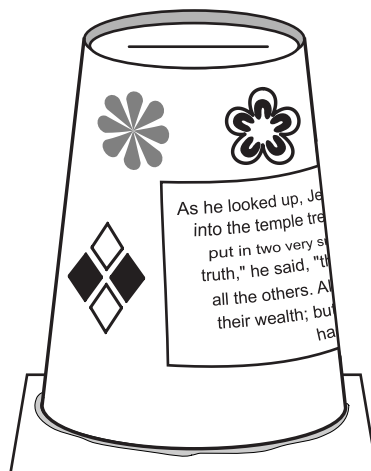

One of the practical ways of showing our love is by giving. By putting aside some pocket money to give to the Lord, children are able to experience the joy of doing something practical to show their love for Jesus. The container for their offering helps children to save up a small amount over time and bring it to church or give it to someone in need.

Things you will need:

- A copy of the verse.
- A paper square.
- A paper cup (small).
- Assorted stickers, beads etc. to decorate the container.
- Scissors.
- White craft glue.

Construction

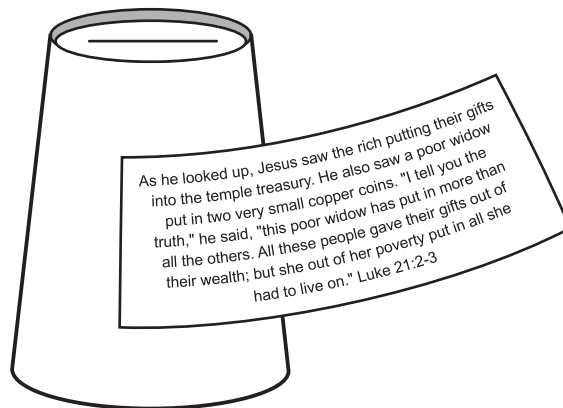

- See instruction on the next page.

Use sharp-pointed scissors or a craft knife to cut a coin slot along the middle of the base. (This should be done by an adult.)

Cut out the Bible verse and glue it onto the inverted cup.

Spread glue along the rim of the cup. Turn the cup upside down and place it on the paper square card.

Allow the glue to dry, then trim the base by cutting along the rim with a pair of scissors.

This is my love gift
