TESTIMONIAL

“I would like to thank CCS Care for the great service provided by your CPSW who was wonderful with my mother. She always looked forward to her visits, even when she did not have much strength left or ability to speak.

She also provided relief to the caregiver and for myself which was an added benefit. You have a wonderful service.”
Ms.C Family Caregiver

“I would like to thank your worker and her help with looking after my dad – we really appreciated the “tricks of the trade” that she shared with us and I know my dad looks forward to her visits. I also appreciate how CCS schedules the same CPSW to visit the patient – this helps to establish a relationship between the CPSW and the patient which was so important to us.” -Mrs. T.
