Dear Susan,

What an extraordinary experience you gave us last Saturday! We cannot adequately express our appreciation for the work that the SHAREFEST community does. The entire event from the beginning to the end was an amazing experience for our staff and students. The SHAREFEST team was very professional and proactive. Schedules were kept, assurances were followed through, and your staff was very generous and kind throughout the planning and the event.

You are good people, doing good work. We applaud your commitment to service and send you our sincere appreciation and respect. I look forward to another project in the future.

With much gratitude,

Barbara Politz
