Dear Pastor David and All ShareFest Participants,

A simple "Thank You" is inadequate to express my gratitude to you all. I think of you each morning as I drive up the street to the school and see the mural as it was designed to be, full of color and nature's glory. That is how you all seem to me, a whirlwind of activity, a beautiful force of nature and God's good work.

Some affects of your work are:

- During snack duty I heard one student tell another student to pick up his trash!
- The pride demonstrated by Francisco Chaidez.
- A parent in a new student orientation commenting on how pretty the school is and what a surprise it is to her.
- One of the student volunteers who expressed her surprise and appreciation that so many people who have nothing to do with Shery would come and spend so much time and effort at her school.

Your good work will return benefits to the Shery community for years to come. Shery High now looks like what it is, a good place to be. Thank you to Tatyana Ngai, she did a fantastic job. Thank you all.

Sincerely,

Victoria Estrada, Ed. D.  
Principal, Shery High School
