Dear Chad:

Under your leadership, Sharefest identified a series of corporate and nonprofit partners, and projects to bring forth a successful 12th Annual Workday, particularly in Wilmington and San Pedro. The benefit of these projects goes beyond the monetary value, the true gain is in the lasting impression it leaves with our residents. You truly understand the impact we can have on communities, and that is why your work is invaluable to my staff and I.

I am confident that together, we can achieve anything. I am excited for what the future will hold, and eager to get started. You have my commitment for the Sharefest Annual Dinner and the 2016 Workday!

Sincerely,

JOE BUSCAINO
