Subject: Post-Election Manual Ballot Tabulation Audit

State law now requires that election officials manually audit a sample of voted ballots. This audit must be performed after each general election.

The Dorchester County Board of Elections will conduct the manual ballot audit of the 2018 General Election starting on February 12, 2019 at 10:00 a.m. This audit may take up to 2 business days and will take place at the Dorchester County Office Building Rm 110, located at 501 Court Ln, Cambridge, MD 21613. This audit is open to the public.

The Dorchester County Board of Elections will manually tally a sample of votes cast for the Office of the Comptroller and compare the results of the manual tally against the results from the voting system. This process will determine whether the voting system accurately counted ballots during the 2018 General Election.

The State Board of Elections randomly selected the early voting center and precinct to be audited, and the Dorchester County Board of Elections randomly selected the absentee and provisional ballots to be audited. Starting on February 12, 2019 the Dorchester County Board of Elections will manually tally the votes for Comptroller on:

1. 298 ballots cast on one scanning unit on the 1st day of early voting at the Dorchester County Office Building Lobby.
2. 722 ballots cast on election day at the St Paul's Church Hall (precincts 7-1,7-5,7-9,7-11)
3. 15 absentee ballots from Absentee 1 and 2
4. 15 provisional ballots

<sup>1</sup> Before the 2018 General Election was certified, the State Board of Elections conducted an automated audit of **all** of the ballots cast in the 2018 General Election.
