I GRAND ILLUSION—YAMAHA AVANTGRAND

The exquisite sound of a nine-foot, concert-caliber grand piano is undeniable. But it's also hard to fit in your living room let alone your budget. The Yamaha AvantGrand N3 hybrid piano offers an uncanny replica at less than half the size and a sixth of the \$125,000 you'd spend on the real thing. The company's R&D went to great lengths to replicate not only the sound, but the touch, tone, look and even the foot pedals of a concert grand. The AvantGrand, which also does dead-on mimics of other keyboard instruments, will record you for playback later. And it never needs tuning. avant-grand.com
