

Dear Preschool Parents,

The Kiddos in the Preschool classroom have enjoyed another busy month! We had fun celebrating Valentine's day and those we love. As well as learning all about the importance of Dental Health!! Doctors Office was also a big hit in Dramatic play! The Kiddos had lots of fun exploring the different roles from Doctor to nurse to patient.

As we move into the month of March we will be shifting our focus to St. Patrick's Day and catching those sneaky Leprechauns! We will be encouraging the children to use both their imagination and problem solving skills to design traps that will catch the Leprechauns so we can get their gold! We will also be learning the what, where, and when facts about rainbows.

To celebrate St. Patrick's Day, we will be having a Green Food Party! Each child will be asked to bring in a certain green food item. This will take place on March 17th in the Preschool classroom.

We also will be doing a unit on Dr. Seuss, in honor of his birthday! Some learning activities we will be doing are making real Green Eggs and Ham, and graphing who likes them and who doesn't! Creating Wockets in our pockets, learning to identify rhyming words, and of course, celebrating Wacky Wednesday!

In March we also will be celebrating the First Day of Spring (Hallelujah!), National Waffle Day, Share Day and National Plant a Flower Day! It looks like it will be another busy but exciting month!

Love,
Ms. Susie and Ms. Julie
