Fatiana inquired about fundraising goal. Kevin filed for a grant for the book room from BFEE. They said it was a curricular item that should be funded by the district. Discussion was had about if the PTO wants to fund this. What we want our excess funds should go towards. We do not have to clear it all out. It can rollover for next year until the PTO determines how the monies should be spent. Sue suggested that we fund the book room in phases instead of one chunk of money. Kevin will follow up with this at the next meeting.
