SJMC 30th Annual Mustang & Ford Fall Show at Holman

After a long dry spell during the month of August, it was finally broken the morning of September 12th. The original date for the SJMC 30th Annual Mustang and Ford Fall Car Show at Holman Ford, when the skies opened up and the much needed rains fell forcing the show to move to it's scheduled rain date the following week to September 19th. This is only the second time in 30 years the SJMC has had to use the rain date for the fall show.

Fortunately the weather was picture perfect on the 19th and after a somewhat slow start, the Mustangs and Fords started to come in. By registration's close, 124 vehicles were in the show. As usual, there were some outstanding cars to view and a few unusual entries as well. The first that comes to mind is the factory 302, 4 speed, sporty Granada in the stock Ford class. He had the brochure on display showing that optioned vehicle. Whether you fancy a classic Mustang 2+2, a showroom new Shelby GT500, a Mercury Marauder or a lifted Ford 4X4, this year's rain delayed show had something for everyone.

In addition to all the fantastic Ford Iron, the Ford Collection on Wheels made it's first trip to our show. Quite a few participants wandered over to check out the Ford swag available for purchase. Ford also sent along a rep for Juvenile Diabetes which had a raffle on site to raise funds and awareness.

Thanks to Dave Gonya from Holman who was on hand to open the gates at 8AM, handed out trophies and locked up behind us at the end of the day. Thanks to ALL the members that participated in making this a very successful show for our club.

Our 30th Annual Mustang & Ford Fall Show at Holman Ford is now history. The weather won out over the original show date; this was only the second rainout ever for this show. Things went much better on the rain date. It was a good turnout considering the rescheduled day; we had 124 show cars. We also helped Ford raise some money for the *Juvenile Diabetes Research Foundation*. *I would like to thank all of the members that helped out at the show and a special thanks to Priscilla Hoffman for donating her 50/50 winnings back to the club. Most of that money was given to JDRF.*

On October 3rd, the club went to the First State Mustang Club Fall Car Show at Sheridan Ford in Wilmington, DE. First we met at Cracker Barrel and had breakfast before caravanning to the show. A total of 8 club cars made it to the show. Congratulation to Roy Peters, Frank & Gail Lokaj, Mitch & Claudia Mitchel and Harry & Carlene Wible for their class wins at the show. Eight club members made it to the Annual Saw Mill Park Fall Festival in Richland, NJ on October 16. This is the same place we hold our annual club cruise in June. While there, most checked out the Patcong Valley model railroad display and the Toy Store. The final event for the month was the Fun Run to Ocean City. Several club members were among the 132 cars that cruised on a very nice day on October 24th from Vineland to Ocean City. It looked like a mile long parade with people coming out of their houses to see the line of street rods, muscle cars and classics going to the shore. Once there, the cars all parked in one lot, making it appear like a car show while everyone walked the boards.

The next Club Event will be held on November 13th at Checkers Powder Coating in Egg Harbor City for a tour of their facilities. On top of powder coating, they also do ceramic coating, water transfer printing, auto detailing and customizing. It should be a fascinating tour. Of course December means it's time for the Club Holiday Party. It will be held on December 11th at New Jersey Motorsports Park in Millville, NJ. You should be seeing an invitation in the mail soon.

This is the time of the year for elections of next year's club officers. During the September & October club meetings, all incumbents accepted nominations except for the Treasurer. Nancy Nordberg accepted a nomination for that office. Ballots will not be sent out since there was no opposition for any of the positions. I want to let you know that 2011 will be my last year as Club President. If anyone is interested in running for that office in 2012, let me know so I can get you involved in the operations of the club.

As always, I welcome any positive suggestions or feedback that you may have about our club. I can be contacted at wibled62@msn.com.

I hope to see you at our Holiday Party in December.

Dave

American Muscle Puts on a Show!

American Muscle Show from a Helicopter

In many of the Mustang magazines today you'll see advertisements from American Muscle. In addition to rapidly becoming a major source for all kinds of Mustang accessories, they put on one great show this year. Only in its second year, 524 cars, mostly late model Mustangs, were in competition for awards at the Kimberton Fairgrounds in Pennsylvania. Held on September 11th, American Muscle raised \$14,825 to benefit the charity, Homes for Our Troops. In addition to the cars, there were many vendors displaying products, a muffler rapping contest and dyno runs. Members from many local clubs including SJMC, VFMC and Bad Pony Club were in attendance and Cindy Iacocca was there with a 2009 Iacocca Mustang. This is one worthwhile show we all should put on our calendar for next year. Kudos to American Muscle and Everyone that supported this event.

SJMC outside the Patcong Valley Clubhouse

SJMC at the First State Mustang & Ford Club Show

Sunday, October 3rd, members of the South Jersey Mustang Club drove down into Delaware after breakfast at the Cracker Barrel in Pennsville, for the First State Mustang & Ford Club's Annual Fall Show now being held at Sheridan Ford in Wilmington. There was a very nice turnout of all year Mustangs. Congratulations to the First Staters for putting on a very enjoyable show.

When in Rome,

It seems like wherever I go, I almost always run into a car show. Back in June, while in Rome, I was walking up this narrow road and when I got to the intersection the police were stopping the thru-traffic. A few minutes later, a parade of about 200 Fiat 500's came driving by. They stopped a few blocks away to put on their car show.

The original Fiat 500 was produced from 1957-1977. Its name came from the 479cc engine that produced a whopping 17hp. Later, during the "Muscle Car Era", they produced a 499.5cc version that made 21hp. Followed by a monster 594cc engine that produced 23hp. Besides the standard model, the car was available in a station wagon and a convertible version.

In 2007, Fiat introduced a retro version of the 500 that used the Ford Ka underpinnings. It's supposed to be available later this year as a 2011 model.

Wheels and Tires

American Racing Torque Thrust “D” series with B.F. Goodrich T/A Radials.

Comments:

Known locally as The “Awesome Forty”, this all steel “Resto-Rod” is a real head turner anywhere we take it. We’ve only used it for local cruises, shows and parades for the last 15 years. With a young family, we have used it very little over the last few years, which is why we’ve decided to sell it.
