## *Spring Has Sprung*

Ah yes! This is the time of the year to cast off “Cabin Fever” and start doing things like spring cleaning with the longer days that allow us to clean our residences, garages, yards and most importantly, get our Mustangs in tip top shape for the coming season. Some of us who use our “Stangs” as daily drivers are looking forward to general maintenance, cleaning and detailing. Others will be pulling off the car covers, removing their Stang from garages or car trailers and also will be doing the same thing. Our motivations are many, from

cruising to shows or weekly gatherings like National Mustang Day, Richland's 2<sup>nd</sup> annual car show and festival, Ford Carlisle, Cruise Down Memory Lane in Vineland, our club's Inaugural Mustang and All Ford Show at Holman Turnersville and many other activities. I know I left out other events scheduled for this year but I'm just talking spring events now. We're fortunate in so many ways by having all these options to choose to take our Mustangs to for our and other car enthusiasts' enjoyment. I enjoy cleaning and working on my Mustangs even when its changing oil, filters, plugs, points etc. I also feel the same way when I see club members and other Mustang owner's cars at our meetings, on the road and at events. I have been following the V6 to V8 engine swap of John Sullivan, a non-member of our club on Facebook, with enthusiasm as if it was one of my cars just as I follow restorations and modifications, whether cosmetic or performance of some of our members. We are in the minority of car owners that truly enjoy owning, maintaining, upgrading, making personal modifications, showing, racing and most of all driving a car that continues to excite owners from all over the world. Thank you Ford for increasing our enjoyment of spring!

## **REMEMBER THESE SJMC DATES!**

- 5/21 Kickin' Off Summer Cruise!**  
**Richland Village, Rt.40, Richland**
- 6/18 Inaugural Mustang & Ford Show**  
**Holman Ford, Rt.322, Turnersville**

**One special day a year, the Mustang world unites by taking their Mustangs to the road!**

On Sunday April 17, 2016, the SJMC and Johnson's Farm co-sponsored a cruise at Johnson's Farm to commemorate National Mustang Day! There were about 100 Mustangs at Johnson's Farm, which included members of SJMC, Bucks County Stangs and Bad Pony Club. There were also some Mustang owners there that were not affiliated with any club. The day was as gorgeous as the Mustangs. I personally enjoyed the 2016 350GT's that I saw; like Joe Volpe's, which is Deep Impact Blue with white stripes. People were laughing and smiling and from what I saw having an amazing time!

Johnson's Farm offered half price tickets sales on the hayrides, the Feed the Animals and the Kids Play Area. Johnson's also gave a coupon for two free ice cream cones to every Mustang that parked in the Cruise.

We thank Johnson's Farm for hosting the event and a Special thanks to the Managers at Johnson's Farm!

.....Keith DiPace

## WINNER FORD

While the SJMC and Johnson's Farm had an event to commemorate the Inaugural National Mustang Day, the Winner Ford store in Cherry Hill on Route 561 had their own special National Mustang Day event from 11AM to 3PM. As the Johnson Farm event was winding down, the SJMC drove over to check out Winner Ford. They had an amazing turnout for an impromptu National Mustang Day Celebration. Sunny skies and over 70+ mustangs on display over the course of the day. In addition to Mustangs, other Ford products were on display to enjoy.

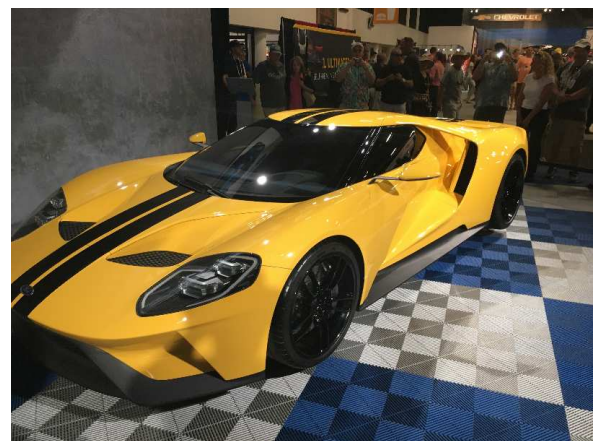

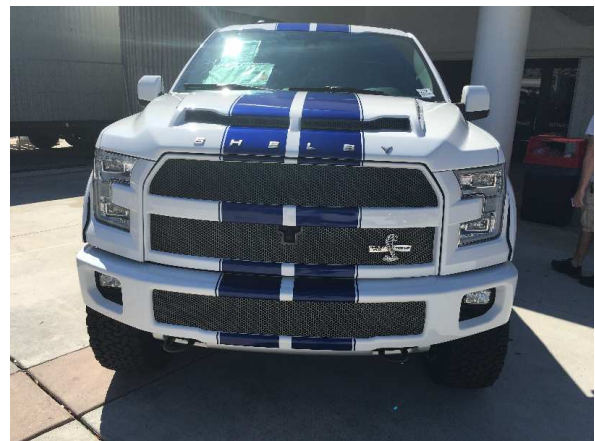

## SECOND CHAIR.....William Chippeaux

This spring I had the pleasure of attending the 2016 Barrett Jackson Palm Beach Car Auction with Leo and Brian Murphy. Ford had a strong presence at this auction. First, we got to see many of the specialty Ford vehicles (that were present at the Philadelphia Auto Show). Before entering the show, we were able to view the new Shelby Pickup Truck and the Hertz Shelby GT-H. Inside Ford had several vehicles on display, including the GT350 and the new GT. Simply put – these cars are amazing.

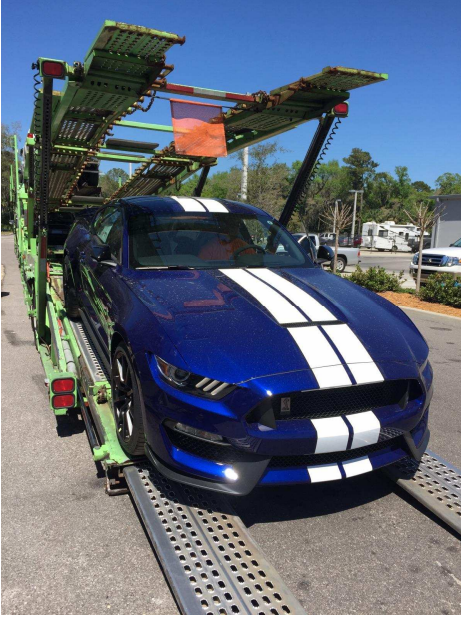

Ford also dominated the top auction results. The top selling car was a 1969 Boss 429 Mustang (\$550,000) followed by two 2006 Ford GT Heritage Editions (\$467,500 and \$412,500). One car had 5 miles on it and the other had 10.

I would also like to thank everyone who turned out for Mustang Day at Johnson's Farm. The number of vehicles that turned out was amazing. I am looking forward to our club's next large show at Holman in Turnersville.

# DEEP IMPACT!

**Joe Volpe**

No, this article isn't about a rogue meteor plummeting toward earth, threatening all life on the planet. It is, however, about a rogue Mustang hurtling toward Camaro owners everywhere!!! This Mustang makes no excuses, gives little warning, and screams willingly to 8,250 RPMs. It's a Shelby GT350, and I finally got mine home!

It's been a difficult journey to this point. First, finding a fair deal, which is not easy given the limited production. Then, choosing a color combination. These things seem to look great no matter what color you choose! Then, choosing another color combination because I just couldn't decide. Wait, maybe Blue with White Stripes? Yes, that's it!!!

I placed my order with Mullinax Ford in New Smyrna Beach, Florida, on January 16<sup>th</sup>. Yes, Florida!!! These guys were great to deal with and offered me a fair deal considering the current market conditions. I drove my salesman crazy with all the changes, starting at first with White/Blue Stripes, then Red/White Stripes, finally settling on Blue/White Stripes. Wow, ok, got that last change in just in time!!! It was official, a New Shelby GT350 Track Pack, Deep Impact Blue with White Stripes. Now the seemingly endless wait to production and delivery.....

After a painful month of waiting, I finally got a VIN from Ford on February 17<sup>th</sup>! I can't tell you how excited I was!!! It truly feels real when you get a VIN. Build date was set for March 7<sup>th</sup>. I thought I would play it cool and not call Ford Performance for an update until maybe the 8<sup>th</sup> or 9<sup>th</sup>, yeah right! I called Monday the 7<sup>th</sup> to find it had already gone through the body shop on Saturday and was heading to trim! By Friday it had passed inspections and was on a rail car!

The folks on Mustang6G.com deserve a special thanks. These guys know all the ins and outs of ordering and tracking a Shelby. I had guys helping with production tracking and rail tracking. I basically followed my car from the body shop to the production line and finally on the railroad to my dealership. It was exciting, frustrating, and fulfilling all at the same time.

My car arrived at the dealer on March 22<sup>nd</sup>. The dealership was great and did everything I asked, which was essentially nothing! I didn't want the car touched until I could get there. It had arrived with 3 miles on the odometer ( confirmed with photos from my salesman ). I was to fly down and pick it up the following Tuesday. I couldn't wait, and barely got any sleep the entire week. Upon arrival, I took pictures of every sticker, label and tag. When I was done, the detail guys did a great job carefully removing each sticker and saving them for me. Then the moment it all becomes real... push in the clutch and press the START button! The 5.2 liter Flat Plane Crank comes to life. The burble of 526 Horsepower sits idle waiting for a command. But wait, there's more. Engage Sport Mode and it gets ANGRY!!! The Active Exhaust opens up and confirms this is a different beast. The sound is intoxicating. Before we knew it, we were heading North in a new Shelby! What a great car and a wonderful trip!!!

## How I Spent My Easter Vacation.....Calvin Harraj

We spent Easter week in Punta Gorda, Florida with family and I was able to attend two car shows and visit two auto museums. The second day I was there, the Muscle Car Museum in Punta Gorda sponsored a car show in it's parking lot. There were over 220 cars of all makes and models including Rat Rods and Dune Buggies. The 1960 Lincoln in attendance was two feet longer than a standard parking space.

Two days later I visited the Muscle Car Museum housed in an old Wal-Mart. The museum has over 150 GM cars, all cars are registered and run, though there are no Fords on display, the collection would appeal to any car nut. They also sell cars on consignment, there was a primo 69 MACH 1 WITH a Cobra Jet but the \$70,000 price tag was out of my range.

Two days later I took a three hour trip to Ocala to visit the Don Garlits Drag Racing Museum. The museum is housed in two buildings, one dedicated to classic cars and the other to dragsters. He has the 1964 Mustang he received as a prize for winning the 1964 NHRA Nationals and also every Swamp Rat he ran on display in the museum. It was my lucky day because Don was conducting a private tour. I joined about fifteen other car guys to tour his two shops and private collections, among the highlights was his starting a front engine rail and demonstrating a series of flat head Ford engines in various states of tune.

My final experience was attending the 42nd Annual Car Show on the shore of Lake Charlotte, over 200 cars were present, one of the highlights for me was to see a 1966 T-5 (German Mustang) 2+2.
