## THREE MYTHS ABOUT MUSIC SAMPLING

[artistshousemusic](#):

Submitted by Vanessa Kaster

MYTH: sampling less than 6 seconds of someone else's music is okay

MYTH: sampling less than 5 words of someone else's lyrics is okay

MYTH: sampling from a church group is okay

ALL THREE OF THESE STATEMENTS ARE MYTHS. None of these instances are an automatic green light when it comes to sampling someone else's music without permission.
