HUSSEY SEATING COMPANY

AIA CONTINUING EDUCATION SYSTEM

Hussey Seating Company's AIA Factory Tour will bring you and your colleagues to the beautiful state of Maine and provide you many learning opportunities during your visit while providing the ability to obtain up to 7 HSW credits in the day and a half program. Please contact your exclusive Hussey Dealer or Hussey Seating Company directly to schedule your AIA Factory Tour today.

Hussey Seating Company's AIA Factory Tour Program | 5 - 7 CES HSW Credits

Arriving for your AIA Factory Tour program, you will be picked up at either Boston's Logan Jetport (83 miles) or the Portland Maine International Jetport (28 miles) and then enjoy some local history and a sightseeing tour of beautiful Kennebunk and Kennebunkport, Maine - the summer home of President Bush.

You will stay at the Kings Port Inn, Kennebunk, Maine - a short walk to Kennebunk Beach, and Kennebunkport Square featuring local shops, restaurants and pubs. All meals will be provided by Hussey Seating during your visit. You will get to enjoy Fresh Maine Lobsters and a wide variety of local seafood if desired. Your transport will take you from the hotel to the factory located in North Berwick, Maine via a scenic drive (15 miles).

During the AIA Factory Tour program you will have the opportunity to customize your program to receive a total of 5 to 7 AIA CEU HSW credits while learning about Designing Gymnasiums for Telescopic Bleacher Systems, Telescopic Gym Seat Safety, Upholstered Chair Seating Systems and Best Practices & Seating Solution Design Trends in Public Venues, Factory Tour and Installation Visits.

The Factory Tour will illustrate design and safety precautions in the manufacturing of Telescopic Bleachers. The installation visits will bring you to a local high school to view a large Telescopic Gymseat project while reviewing our classroom learnings in an investigative hands on session, and we will continue onto a 1,000 seat upholstered auditorium for another hands on investigative learning session.
