California Holistic Institute's Mission

“CHI” is a holistic center where training, growth and new careers begin. We are dedicated to providing the highest quality of education to individuals in the diverse area of massage and bodywork. Our instructional methods are professional, holistic and practical to your future practice. Our professional staff and faculty are very passionate about sharing their knowledge and offer a supportive environment for growth and self - expression. Our school provides a bridge between students and the community that educates, serves and promotes the benefits of therapeutic massage.

We offer two state approved programs: 200-hour Massage Practitioner and 500- hour Massage Therapist. The Massage Practitioner Program consists of 180 classroom hours and 20 internship hours. Course hours include lectures, hands-on and demonstrations, individual evaluation, basic anatomy, physiology and pathology specific to bodywork, business ethics/management, communication, and documentation skills.

The Massage Therapist (500-hour) Program covers an in depth study of anatomy, kinesiology, and business/ethics for body workers. Also, an additional 240 hours in myriad of massage and bodywork modalities. After completing the 500 hour program students will be eligible to apply for California state certification to become a Certified Massage Therapist.

Mission Statement & Objectives for 200 Hour Practitioner Program:

California Holistic Institute is dedicated to providing the highest quality of education to students in areas of somatic practices. Our objective is to assist students to develop a strong foundation in massage therapy and to provide instruction which will enable the student to alleviate physical discomforts and increase mental and physical relaxation allowing for a greater sense of well being to the client. The student will have the basic knowledge of anatomy, physiology, pathology, business/ethics, and will be able to integrate this knowledge into practical use through on-site 20 - hour internship. The 200 Hour program is designed as an introduction to the exciting field of massage therapy. Upon completion of this program, students will have gained the necessary skills and knowledge needed to give a professional massage. Students will leave this course with a basic understanding of body structures as well as foundational skills for charting.

Mission Statement & Objectives for 500 Hour Therapist Program:

The California Holistic Institute's mission for the Massage Therapist program is to provide graduates who have already completed a minimum of 200 hours of education in the healing arts with advanced somatic studies. CHI provides advanced education in the sciences such as anatomy, kinesiology, and in business and ethics, which is designed to build on the foundation from the Practitioner program. In addition, we offer an array of bodywork classes in both Western and Eastern studies, also students may choose elective courses of interest. This program is designed to meet the individual interest of our students in the somatic studies, allowing students to choose their classes. Upon graduation from this program, students will have a strong foundation in the healing arts which can lead to work in a variety of settings such as, chiropractic and physical therapy offices, hospitals, health clubs, and their own practice, to name a few.

Physical Facilities

California Holistic Institute is located at 11555 Los Osos Valley Road, Suite 207 (office) and Suite 108 (classroom), San Luis Obispo, CA 93405. The school is 1 mile off Hwy 101 interchange at Los Osos Valley Road exit heading west. There is plenty of parking available in the back of the complex for your convenience. The interior of the school has been designed to reflect a professional atmosphere conducive to learning. The facility provides a large classroom, massage tables, projectors, charts, and skeletons for classroom instruction. The office building has several bathrooms equipped for the handicapped, an administrative office and a lending library with books relating to the bodywork profession. The facility is large enough to maintain 16-20 students at any time. All class sessions are held at 11555 Los Osos Valley Road, San Luis Obispo, CA 93405.

200 - Hour Practitioner Course

Our 200 Hour Practitioner Program is where everyone begins their training in massage here at CHI. Students begin learning Swedish Massage Therapy which is fundamental to learning a variety of other therapeutic modalities. We begin with the essential methods of healing: gentle movement, massage, deep breathing and deep relaxation for benefit to self and others. Students are guided through a succession of body mechanics that deepen their capacity to transfer force, flow energy and hold presence. Once established in a state of presence, students engage in the giving and receiving of massage techniques: using gentle, fluid pushing strokes, and warming, squeezing strokes. Students learn to flow progressively through each area of the body, penetrating the tissues and inducing states of deep relaxation. Building on the relaxation techniques, students learn to warm, stretch and knead tissues with effective use of pressure to assist nutrient absorption, removal of metabolic wastes, and tissue mobilization. Concurrent with their developing massage skills, students are guided through an applied understanding of the body systems emphasizing the nervous, circulatory, lymphatic, digestive, respiratory and musculoskeletal systems. Students learn how to modulate Swedish techniques based on body type, presenting patterns and contraindications. As students gain proficiency with their massage skills and potency with their touch, they can effectively address a range of pain and tension profiles in preparation for their internship time at the school. After evaluation, students satisfy their internship requirement working with the general public within our clinic setting. This internship time provides valuable experience to the student and preparation for their future practice or employment. The second half of the program, students are introduced to a variety of modalities such as Deep Tissue massage, Trigger Point therapy, Myofascial massage, acupressure, energy work, and side-lying work. Students are then allowed time to integrate these therapies into their foundation work of Swedish Massage.

See 500 Hour Class Descriptions below:

Anatomy and Kinesiology –Upper Extremities (28 Hours)

Prerequisite: 200 - hour basic anatomy; or college anatomy

This hand-on class offers an opportunity to explore more extensively the anatomy and physiology of the musculoskeletal system. Using the text “Trail Guide to the Body” we will become much more familiar with the skeletal structures and the muscles of the body in a way which helps us to understand how those structures normally move and interact so that we may bring that increased understanding to our practice.

We will be introduced to the principles of biomechanics (the study of mechanical principles and actions applied to living bodies) and kinesiology (the study which blends the knowledge of anatomy, physiology, physics and geometry and relates them to human movement).

Areas covered in Anatomy and Kinesiology Upper Extremity will include the pectoral girdle, the neck and spine, the bony thorax and the arms and hands.

Anatomy and Kinesiology - Lower Extremities (24 Hours)

Prerequisite: 200 - hour basic anatomy; or college anatomy

Same information as above Anatomy and Kinesiology class, except this class covers the following structures of the body: the abdominal area, the pelvic girdle and the legs and feet.

Aroma & Herbs Introduction (8 Hours)

Prerequisite: None

Students will receive a brief history of aromatherapy and its many uses. Also students will get to experience a variety of aromas and learn their properties for healing. You will learn about carrier oils and how to make blends with the various essential oils. There will be discussion of how to choose what aromas would be most beneficial for different needs of both the physical body and mental and emotional imbalances. Blends from the Ayurvedic tradition will be experienced (Vata, Pitta, Kapha). Students will also be introduced to medicinal herbs that are beneficial for skin, muscles and tendons. Demonstration and directions to proper infusion of herbs into oils will be reviewed and students will be given recipes for blends of oils and infused herbs.

Introduction to Ayurveda (8 Hours)

Prerequisite: None

With the phenomenal number of people now doing some sort of yoga we are seeing an amazing increase in interest in yoga's sister science, Ayurveda. So much so, Ayurveda has been named as one of the top spa trends for 2010.

Ayurveda is thought to be the most ancient complete form of medicine on the planet being at least 2500 years old. Still today it is practiced by 300,000 physicians who form the largest medical organization in the world. Though generally less well known in the west Ayurvedic treatments and those inspired by this ancient Indian science are fast becoming a main stream.

This class is designed to give students a practical grasp of the basic concepts behind Ayurvedic wisdom. Learn how to identify Ayurvedic body/mind types by using a variety of questionnaires, touch, observation and discussion. Then use this information to customize any massage or spa treatment in terms of:

- Treatment selection
- Type of touch
- Type of oil/lotion
- Selection of aromas
- Type of music
- Color type of sheets or covers
- Kinds of teas and snacks to serve

Introduction to Aquatic Integration (20 Hours)

Prerequisite: None

This hands-on course provides for manual therapists an introduction to the fundamentals of working in warm water utilizing the Aquatic Integration (AI) technique.

AI was developed to enhance the Aquatic Body-worker's abilities to work with all sizes, body types, and holding patterns. This course will cover basic aquatic principles, simple movement strategies for working in water, conditions that benefit from being in warm water and how AI can bridge land based modalities and aquatic work.

Techniques reviewed: Qi-Gong (breath), Shiatsu (basic points and meridians), Myofascial Release techniques, Basic principles of Stretch and Range of Motion (PNF).

- Please note this class is taught off campus in a therapy pool in Paso Robles

Business & Ethics (20 Hours)**Prerequisite: None**

Success is a well thought out journey. In order to achieve it you must understand what you truly want, create a plan to obtain it, and see yourself having it. This class is about helping you do that.

We will cover the following topics:

- ❖ Discovering your core values
- ❖ Visualizing your ideal future
- ❖ Creating a detailed plan for success
- ❖ Business start up
- ❖ Legal structures, zoning, insurance
- ❖ Marketing, marketing and more marketing
- ❖ Overcoming fear and insecurity
- ❖ Ethics for health care providers

Chair Massage (8 Hours)**Prerequisite: Swedish Massage**

Learn a 15 and 20 minute routine that helps clients feel refreshed, relaxed and rejuvenated to return to work or their busy lives. You will learn massage techniques that relieve stress and tight muscles in the neck and back of the body. It reduces the potential for repetitive motion injuries in the arms and hands. Chair massage is one of the fastest growing areas of bodywork nationwide, especially since it is more affordable for people and takes less time than a table massage. And with increased awareness of the need for stress management in the workplace, and the need to decrease repetitive motion injuries, it promises to grow even more.

Chair massage is also an excellent marketing tool to help grow your table massage business. It allows you to meet new potential customers and an opportunity to build rapport with clients. During this 8 hour class, emphasis is placed on marketing the modality, as well as proper body mechanics while performing chair massage routines. The students will learn a 10, 15, and 20 minute routines and a manual will be given to support the material learned in class.

Introduction to Cranio-sacral Therapy (16 Hours)**Prerequisite: None**

Cranio-sacral Therapy is a gentle hands-on method of evaluating and enhancing the functioning of the physiological body system called the cranial system. Comprised of the membranes and cerebrospinal fluid that surround and protect the brain and spinal cord. This system affects everything in our bodies from the physical to mental and emotional health.

Craniosacral Therapy seeks to find the deeper reasons for imbalance. Improper patterns root themselves in the subconscious. Wounds are brought up to process and release so the body does not have to hold or assimilate them anymore.

Deep Tissue Massage (24 Hours)**Prerequisite: Swedish Massage & basic anatomy**

Deep Tissue Massage is a type of massage aimed at the deeper tissue structures of the muscles and fascia, also called connective tissue. Deep Tissue Massage uses many of the same techniques as Swedish Massage, but the focus is very specific to muscle, tendon and fascia structures that need to be released due to acute or chronic holding patterns. In this class you will learn techniques to treat the following conditions: Low Back Pain, Whiplash, Sciatic Pain, Thoracic Outlet Syndrome, Headaches, Psoas tightness, Leg Length Imbalances, etc. There will also be instruction in PNF stretching, passive stretches, and the use of proper body mechanics.

This class is also broken down to 4 sections: Deep Tissue for the Back, Hip, Neck and Shoulder (4 hours each)

Hawaiian Lomi Lomi (16 Hours)**Prerequisite: Swedish Massage**

Lomi Lomi, a form of ancient Hawaiian Bodywork was originally done in sacred temples as a rite of passage. This transformational massage was performed by a “kahuna” (master teacher or medicine man) for many hours, or even days, until the receiver felt cleared and aligned on all levels – physically, mentally, emotionally, and spiritually.

The Lomi Lomi we will be learning in this workshop is a type of massage that encompasses breath and dance.

The movement is an active meditation for the practitioner, opening up and freeing holding patterns within his/her body.

Training in this bodywork style can bring about balance, fluidity, and coordination. It teaches us to work from a place of presence. You will learn to use your breath with the movement and bodywork. When both giver and receiver are focused in the movement in a heartfelt way, as well as being attuned in their breath, this experience can accelerate change and create expansion on all levels.

Advanced Lomi Lomi (16 Hours)**Prerequisite: Hawaiian Lomi Lomi**

This class will review everything from the beginning class and add in new strokes and stretches that are fun and effective. Because you will have completed the first course, we can focus on detail and correction of previously learned strokes. But the fun part will be now learning the new strokes and stretches.

Injury Management for the Back & Hip (4 Hours)**Prerequisite: Swedish Massage & basic anatomy**

In this hands on class will review the anatomy of the back and hip region to include the lumbar spine and hip muscles and nerve innervations. Students will learn the common injuries to the back and hip including lordosis, sciatica, herniated disc, strains and spasms and the appropriate time to treat these injuries. Then students will learn a variety of eastern and western based bodywork techniques to release these conditions such as Meridian tracing, neuro-lymphatic reflexes, origin and insertion techniques, muscle spindle cell techniques, etc.

Injury Management for the Neck (4 Hours)

Prerequisite: Swedish Massage & basic anatomy

In this hands on class will review the anatomy of the neck region to include the cervical spine, muscles and nerve innervations. Students will learn the common injuries to the neck including whiplash, torticollis and strains and spasms and the appropriate time to treat these injuries. Then students will learn a variety of eastern and western based bodywork techniques to release these conditions such as Meridian tracing, neuro-lymphatic reflexes, origin and insertion techniques, muscle spindle cell techniques, etc.

Jin Shin Acupressure (24 Hours)

Prerequisite: None

"Jin Shin Do" means "The Way of the Compassionate Spirit." Jin Shin Do® Bodymind Acupressure® classes teach the use of gentle yet deep finger pressure on specific acu-points and verbal Body Focusing techniques, to help release "armoring" or chronic tension and balance the "Qi" or energy. This clothes-on method helps relieve stress- and trauma- related problems. A unique synthesis of a traditional Japanese acupressure technique, classic Chinese acupuncture and acupressure theory, Taoist philosophy, Qigong (breathing and exercise techniques), Reichian segmental theory and principles of Ericksonian psychotherapy, it is recognized as a major form of Asian Bodywork Therapy (by NCCAOM & AOBTA among others).

Originated by psychotherapist Iona Marsaa Teegarden, JSD promotes a pleasant trancelike state, in which one can relax and move out of the head and into the body, accessing feelings and inner wisdom. This class is an introduction into this system of acupressure.

Introduction to Myofascial Release

Prerequisite: None

This two - day workshop instructs basic principles and practices of MFR therapy, which is based on the understanding that fascial restriction is an underlying component of all physical pain. The participants will have a understanding of the function of fascial and its role in chronic pain. The focus is on identification of fascial restriction through visual assessment and palpitation. Participants are instructed in basic foundational MFR therapeutic techniques, including the awareness of subtle changes in fascial tissue during treatment. There will be both a lecture and lab portions. The hands-on lab will focus on instructing and practicing proper technique and body mechanics.

Polarity Therapy (8 Hours)

Prerequisite: None

Polarity Therapy is the art and science of stimulating and balancing the flow of life energy within the human being. The term Polarity relates to one of the fundamental laws of nature, namely the attraction and union of opposites through a balanced middle point. The human body is an energy system like a battery or magnet. It has positive, negative and neuter poles and currents of energy that flow through them. In this course we will discuss the elements in nature and their relation to our emotions. We will also discuss how the 3 currents of energy what type of touch correlates with it.

Pregnancy and Infant Massage Course (20 Hours)

Prerequisite: Swedish Massage

Prenatal massage can help alleviate some of the stresses and discomforts that women experience during pregnancy. This class is designed to show students how to meet the special needs of pregnant clients. There are pregnancy related conditions that require caution or are a contraindication for massage. These cautions as well as the many benefits of prenatal massage will be discussed. You will learn proper positioning for the comfort of the client as her body changes throughout pregnancy. What is occurring in a woman's body during each trimester of pregnancy and the baby's development during these times will be covered with a session dedicated to each trimester. Students will then learn and apply bodywork specific to each of the trimesters and labor. The final class session will focus on infant massage.

Reflexology (24 Hours)

Prerequisite: None

In this course we will cover the feet, hands and ears. You will learn locations of the reflex points and the techniques used for applying reflexology. This incredible healing art produces relaxation throughout the body as we work the corresponding reflex points. Benefits include stress reduction, increased circulation, and detoxifying. *Please bring a foot spa, towel, fitted sheet, lotion, pillow and/or blanket.

Reiki - Level 1 (8 Hours)

Prerequisite: None

WHAT IS REIKI? Reiki is a vibrational healing practice that promotes systemic balance. It is light touch that can be given to a clothed recipient as a treatment on its own or integrated into a massage or other treatment. It is also a self-care practice.

WHAT ARE THE COMMONLY REPORTED BENEFITS?

anxiety, reduced depression, improved sleep, improved digestion and a greater self- Clients most frequently report positive changes in relaxation, pain management, reduced awareness. (Those practicing self-care also report these benefits.

WHAT WILL I LEARN IN REIKI CLASS?

- Introduction and discussion about what Reiki and its history
- Attunements: Opening up to the Reiki energy. Each student receives his or her attunement from the instructor.
- Hands on experience. You will have the opportunity to both give and receive a treatment.
- Sharing and questions will be encouraged throughout the class.
- You will receive a certificate as a First Degree Reiki Practitioner.

Reiki – Level 2 (8 Hours)

Prerequisite: Reiki 1

Reiki, being a vibrational healing practice has many layers. In Reiki 2 we will practice connecting to the mental and emotional bodies and wellbeing of our clients. Using the Reiki symbols as tools and a second attunement, our focus will be on facilitating somatic emotional release and the opportunity for our client to release holding patterns in the body. We are always looking to bring the client into homeostasis and the ability for the body to self - correct.

Shiatsu – Integrated (24 Hours)

Prerequisite: None

Integrated Shiatsu - Shiatsu translates as "finger pressure". It is a traditional Japanese style of bodywork. This course will introduce students to 14 meridians, or energy (chi) pathways in the body. Students will learn alarm points (Mu and Shu) for each meridian and a full Shiatsu sequence designed for a one hour session. Points for common ailments and specific Shiatsu techniques are included in the routine. Integrating these techniques and points into a Swedish Massage will be the final aspect of the class.

Sports Massage (20 Hours)

Prerequisite: Swedish Massage & basic anatomy

Sports Massage techniques are used with clients ranging from serious athletes to the moderately active for injury prevention, performance enhancement, and faster recovery. This course will cover the main applications of sports massage (pre-event massage, post-event massage, maintenance, and rehabilitative), assessment of clients (verbal, visual & palpation), range-of-motion, and P.N.F. stretches.

We will review common sport injuries, and discussion on the psychology of working with athletes. You will learn how to use these tools effectively to benefit clients of all activity levels.

Techniques reviewed: Applications of various techniques from Western Massage (i.e. tapotement, vibration, petrissage, etc.), Trigger Point Therapy, Myofascial Massage, Hydrotherapy (heat & cold), PNF and stretching.

Stretch & Release Therapy (16 Hours)

Prerequisite: Currently enrolled in 200 - hour program with anatomy requirement fulfilled

Stretch & Release Therapy (“SRT”) affects the soft tissue of the body by releasing fascia restrictions through a combination of lengthening and stretching the muscles. The techniques you will learn work quickly to affect majority of soft tissue dysfunction. The training is hands-on and you will learn to adapt the concepts and principles to your current practice, and will maximize your effectiveness.

“SRT” works on an array of chronic conditions, such as back and neck pain, carpal tunnel syndrome, whiplash injuries, thoracic outlet syndrome, sciatic, etc.... to name a few. It also is very beneficial for athletes and prevention of injuries for anyone.

Touch For Health - Level 1 (16 Hours)

Prerequisite: None

Touch for Health is a method of Kinesiology muscle testing merged with both eastern and western techniques to improve both muscular and energetic balance leading to improved both muscle and energetic balance leading to improved posture, accelerated recovery from illness and injuries, relief from many different kinds of pain, increased energy, and emotional balance.

Touch for Health can be used as a stand-alone method, or it can be used with other healing modalities...such as massage, chiropractic, acupuncture, cranio-sacral, psycho-emotional counseling, etc. Professionals using Touch for Health may be able to find and unlock their patient’s “stuck” conditions often enabling their client’s to become more self-maintaining.

Touch For Health – Level 2 (16 Hours)

Prerequisite: Touch for Health – Level 1

In Touch for Health level - 2, students learn 14 more muscles to test to balance the system. We review the 14 main Chinese Meridians from level -1, discuss the “Chinese Clock” by learning the peak energy cycle of these Meridians. We assess energy patterns in the 24-hour cycles & Five Element (seasonal) cycles and find a single key-point to balance the energy system working with charts. We continue with learning food testing and discuss foods that are energizing and draining to our system. Also, acupressure holding points and a variety of other balancing techniques are covered in this level.

Tools for Longevity (8 Hours)

Prerequisite: None

This class is dedicated to exploring the tools and attitudes it takes to have longevity in bodywork and facilitating healing for others. We are all attracted to massage because of our compassion and desire to help others. In this class we will work (and play) with methods for the following: self-care; boundaries (grounding and recharging); the skill to facilitate without taking on your clients stuff (pain, energy, grumpiness, etc.); and body mechanics. We will explore how to stay present in our work and to take care of ourselves so that we don't suffer from burn out. COME AND GET RECHARGED AND INSPIRED!

Trigger Point (Back/Hip; Neck/TMJ & Shoulder/Torso) - (16 Hours each class)

Prerequisite: Completion of 200 - hour program

Do you want to be a “Rock Star” Deep Tissue Therapist? Well this is the class for you!
Do you want to learn how to break up the “viscous cycle” of sciatica, thoracic outlet syndrome, carpal tunnel, low back pain, headaches, TMJ?

This class will offer you a modality to address soft issues in the body from stress, injury, repetitive/overuse, and restore hyper-contracted short muscles into a healthy restorative state. You will learn how to detect what and where a Trigger Point is and disperse them using a combination of specific techniques.

The foundation of this work is releasing the fascia, stimulating the pro-preceptors in the origin, insertion and belly of the muscles with a specific intention. These deep tissue moves will always be addressed by “making nice” (lymph drainage) to the tissue addressed, passive stretches, traction, PIR, CTR and follow up care for your clients to take home after treatment.

Zen Thai Touch (16 Hours)

Prerequisite: None

Learn Seymour’s unique approach to Asian Bodywork that combines palm, thumb, elbows, knees, feet and hand movement techniques derived from Japanese, Chinese and Thai methods.

In contrast to the typical faster massage style of these traditional forms.

Zen-Touch™ approach created by Seymour pays attention to energy flow while holding and listening to the “Sen” (Thai) / “Meridian” (Chinese & Japanese) lines. This deeply nourishing and sensitive approach allows the client’s energy flow to do the healing in contrast to the manipulation approach of the

traditional Thai, Shiatsu and Tui Na styles. Client's report how they can receive the stretches and pressure with complete comfort in comparison to the often intrusive traditional Thai and Shiatsu methods.

Assessment, Recommendations and Therapy based on Chakras, Yin/Yang and 5 Elements comparing Ayurveda and Chinese Medicine is also included in the class. Upon completion and after continued practice of all the techniques, participants will have the skills necessary to practice both Shiatsu and Thai massage.

Enrollment Information

The following policies apply to all courses offered in this catalog:

Prerequisites for Enrollment:

To be eligible for admittance an applicant must be 18 years of age or older with a High School diploma, or GED, or be able to successfully pass an approved U.S. Department of Education examination pursuant to Section 484 (d) of the federal Higher Education Act of 1965 for applicants without the above (Ability-to-Benefit) in order to participate in this course. The Ability-to-Benefit exam accepted at “CHI” is the ESL Placement test for students whose native language is not English and who are not fluent in English. A student must receive a minimum score of 64 for Grammar/Usage, 70 in Reading and 70 in Listening on this exam. The applicant must be in good health and have no criminal convictions. **Applicants will be encouraged to receive a full body massage from a professional therapist of their choice prior to admittance. The applicant is required to file a completed application, tour the school, and an interview.**

Applicants may be enrolled up to the starting date of the course. Interviews are scheduled on the first come first served basis. Each person is accepted only if, in the school’s opinion, the individual has the possibility of success in the chosen class. Due to the intensive format of the class, and other requirements unique to massage instruction, acceptance is not guaranteed. All applicants are reviewed by the school staff. Selection criteria are oriented toward ensuring class unity. At the time of interview, the applicant will submit a non-refundable \$200.00 registration fee along with a completed enrollment form in order to be considered for inclusion in the course, if the application is not admitted, the registration fee will be returned in full.

500 hour students may enter the 500 hour program at any time of the year, after completing CHI’s 200 - Hour Massage Practitioner Program. Or, graduates of another CAMTC 200 - hour state approved school are eligible to apply to this program.

Insurance:

The school suggests each student to have student liability insurance, but liability insurance is not required. This liability insurance covers the student 24 hours/day, whether in school or outside school as long as the student is doing work related to curriculum and not being paid for services rendered.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION.

The transferability of credits you earn at California Holistic Institute is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the certificate you earn in the 200 hr and 500 hr programs is also at the complete discretion of the institute to which you may seek to transfer. If the 200 or 500 hour certificate that you earn at this institution are not accepted at the institution to which you seek to transfer you may be required to repeat some or all of your coursework at the institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending California Holistic Institute to determine if your certificate will transfer.

Student Services

California Holistic Institute has a small lending library (Ste. # 207) where students have the opportunity to reference various books and materials related to their educational needs. The students are able to check out library resources from staff while on school premises during allotted break times and during their internship (clinic) hours at the school.

Student Housing

California Holistic Institute is a non-residential institution. There are no dormitory facilities available on the premises. Students have the responsibility to find their own housing. California Holistic Institute does not aid in this process.

The school is located near a college campus so there is potential for room or house rentals in the area. The approximate cost for housing can range from \$ 450 and \$ 1,500 per month, and upwards. Prospective students may contact San Luis Obispo Chamber of Commerce for information on local publications that carry housing and rental information.

Transfer Policy

California Holistic Institute does not recognize or grant credit for courses of massage involving correspondence (through-the-mail) or online instruction. CHI does not accept any hours of former education into the 200 hour practitioner program.

The California Holistic Institute can only consider transferred hours from CAMTC approved massage schools as allowable for the 500 hour Massage Therapist program. Credit will be allowed only with presentation of official transcripts. This information will be in the student's permanent record and the length of the massage course will be shortened proportionately. Transfer hours may not make up more than 50% of the 500 hours required towards certification. CAMTC reserves the right, in its sole discretion, to not accept transfer hours.

Please note the fee will be one dollar per transferable hours of education (i.e. 50 hours to transfer will be \$ 50.00 fee). Any hours of education requested to be transferable is upon approval from the director of the school only.

The California Holistic Institute has not entered into an articulation or transfer agreement with any other college or university.

Experiential Learning:

California Holistic Institute does not award credit for prior experiential learning.

Attendance Requirements

Attendance is required and recorded. Students are expected to attend classes as scheduled just as they would be expected to be present for work. In either the massage Practitioner or Therapist programs all hours must be made up if a student is absent. The student must arrange make-up class work with their instructor, and there may be a fee charged to the student. If the student is required to tutor with the instructor or make-up classroom time, the fee is \$35.00 per hour. A student also can make arrangements with the instructor to attend another class schedule during the 200 - hour program for make-up.

Absence- Absence will be considered as excused if the student contacts the school or instructor under the following circumstances: illness, death or birth in the immediate family and other cases where the school approves the absence. However, it is the student's responsibility to arrange with the instructor regarding make-up of any time missed.

Tardiness- Tardiness is a disruption of a good learning environment and is to be discouraged. Tardiness beyond 5 minutes on three occasions to class will be considered as one unexcused absence. Students may be placed on a probationary status at this point as well with the school.

Interruption for Unsatisfactory Attendance- Students with three unexcused absences in any class will receive written notification of academic probation. Any unexcused absences during such probationary period will be cause for interruption/ dismissal of the student from the training program.

Leave of Absence- Written requests for a leave of absence will be considered in case of family or health emergencies. A student that is granted a leave of absence from the school director will have six months from the day the leave begins to return to the program from which they took leave. Any student not returning to the program within six months will be considered a withdrawal at which point California Holistic Institute will review the students file and refund any moneys owed.

Attendance and/or graduation from a California Massage Therapy Council approved school does not guarantee certification by CAMTC. Applicants for certification shall meet all requirements as listed in California Business and Professions Code section 4600 et. seq.

Tutoring:

Tutors will be made available at \$35.00 per hour if academic progress is not satisfactory. In addition any students that miss classroom time that require make-up work will pay the tutor fee of \$ 35/hour.

Record Retention:

California Holistic Institute maintains all student records for a period of no less than 5 years on the premises. These records include but are not limited to student application, enrollment agreement, student schedule, academic records including a copy of High School diploma or equivalency or other documentation establishing a student's ability to do college level work. Also included are the payments and financial documents along with any other documentation the student signed.

It is the school's policy to scan each new student's information and store it on two flash drives, one that is stored on the school premise in a fire retardant safe, the other is stored at a separate location.

Student transcripts are kept for an indefinite amount of time and are also scanned and kept on two separate flash drives, one on the school premise and one that is stored on the school premise in a fire retardant safe, the other is stored at a separate location.

Standards for student achievement

Progress/Grading System:

The schools grading system is as follows: PASS 70% or greater, Fail 69% or below. For the 200 - hour Practitioner program, students will be quizzed at least four times. Practical application grading is based on demonstration of skill during class hours with ongoing instructor evaluations. At mid-term there will be a ½ hour evaluation applying learned massage techniques to the back of the body. At the end of the course a full body 75 minute practical exam will be administered. Students must achieve 70% or greater in both theoretical and practical scores in order to pass the courses.

For the 500 - hour Therapist program, students have quizzes and examinations for all of the "core" classes, and will have to demonstrate satisfaction in performance of skill for the hands-on classes to receive a passing grade. Students who successfully complete the above standards will be awarded a certificate in the 500 - hour program.

Conditions for Unsatisfactory Progress:

When the grade average of a student is unsatisfactory for a calendar month, the student will be given the option for tutor services to improve. If, during the next few weeks, the student's grade average is still unsatisfactory, the student may be placed on probation.

The document to be issued upon satisfactory completion of the 200 Hour and 500 Hour program is a certificate. This certificate will not be issued until tuition is paid in full, all library books and material are returned and attendance requirements have been fulfilled.

Student Conduct Policy:

At the discretion of the school administration, a student may be dismissed from school for an intoxicated or drugged state, possession of drugs or alcohol upon school premises, behavior creating a safety hazard to other persons at the school, disruptive behavior that interferes with the learning process of other students, any behavior that does not conform to rules and regulations of the school, excessive absences and tardiness.

Conditions for Re-enrollment:

Re-enrollment or re-entrance will be approved only after evidence is shown to the director's satisfaction that the conditions, which caused the dismissal, have been rectified.

Hygiene, Dress Code, and Draping Policy:

Students are expected to have good hygiene while attending classes and during their internship time. Students should have showered that day, also keep finger nails short, clean and filed. Please do not wear perfumes or cologne to class. CHI requires students to wear properly fitting clothes, no short cutoffs, or holes in clothes. No clothes that are transparent, see-through, or substantially exposes the student's undergarments, breasts, buttocks, or genitals. No Swim attire, unless participating in a water-based massage course.

Please refrain from wearing any piercing on your face during internship hours. CHI's draping policy is that students drape each other and clinic clients with a flat sheet over entire body prior to massage. And that he/she only undrapes the area of the body that they are massaging at that time (i.e., back/neck undrape to massage that area, but every other body part covered....only exceptions is arms/hands and feet if person warm).

Student Complaint Procedure

If a student should have a complaint that cannot be resolved, the student should contact Marian Martinho. Marian is the Director of the school and is available by appointment. The Director will investigate, interview and review documents that may relate to the complaint. The student may file the complaint in writing or in person to any personnel or staff. If it is not responded to within a reasonable time the student must be advised to put it in writing. The facilities administrator will then notify the student in writing of the complaint disposition.

The complaint will be recorded, a summary of the complaint and its disposition, then logged in the complaint file. Marian will determine if the complaint will be rejected. If the complaint is valid, any students that have been affected by the same or similar incidences will be provided a remedy. Policies and procedures would then be implemented to avoid similar circumstances in the future.

Non-Discrimination Policy

California Holistic Institute does not discriminate on the basis of sex, ethnic origin, race, religion or sexual orientation in its educational programs which it operates, and is prohibited from such discrimination by law. This practice of non-discrimination also extends to employment by the school and the administration of students in programs and activities operated by the school. Federal sexual harassment guidelines have been adopted as part of the school policies.

Placement Assistance

California Holistic Institute does not provide any formal placement service. Placement assistance may be provided through our informal network with employers and a job placement board located in the classroom. We gladly recommend students who have demonstrated their proficiency.

Requirements for Certification

California licensing regulations for our profession is to complete 500 hours of education from a state approved school. Students will apply to CAMTC.org for their licensing procedure. CAMTC certification requires at least a combined total of 100 hours in anatomy, physiology, contraindications, health and hygiene, business and ethics. CHI's 500 - hour program meets and exceeds the 100 hours required by CAMTC in the above subject areas.

A graduate should begin their search at the city hall for the town they would like to work in order to determine that city's requirement since they vary.

In order to become state certified you will need to go to CAMTC.org and complete their application. Other requirements include but are not limited to, taking a state approved exam, providing passport size photo, complete a live scan, requesting transcripts from the institute to CAMTC, and paying an application fee.

Attendance and/or graduation from a California Massage Therapy Council approved school does not guarantee certification by CAMTC. Applicants for certification shall meet all the requirements as listed in California Business and Professions Code section 4600 et. seq.

CAMTC'S LEGISLATION:

Pursuant to California Business and Professions Code section 4611, it is an unfair business practice for a person to do any of the following:

- (a) To hold himself or herself out or use the title of "certified massage therapist" or "certified massage practitioner," or any other term, such as "licensed," "certified," "CMT," or "CMP," in any manner whatsoever that implies or suggests that the person is certified as a massage therapist or massage practitioner, unless that person currently holds an active and valid certificate issued by the California Massage Therapy Council.
- (b) To falsely state or advertise or put out any sign or card or other device, or to falsely represent to the public through any print or electronic media, that he or she or any other individual is licensed, certified, or registered by a government agency as a massage therapist or massage practitioner.

Student's Right to Cancel

A student has the right to cancel the enrollment agreement at any time and obtain a refund if he/she completed 60% or less of the total course hours.

To cancel the agreement the student must complete the Notice of Cancellation/ Withdrawal form which will be provided at the time the agreement is signed. The student has to complete the form with the date and his/her signature and hand it to the school's official or mail it. **The effective date for the refund calculation will be the date the Cancellation form was handed or postmarked (if mailed).**

Any refund will be made no later than 45 days of that date. Any equipment pertaining to the school must be refund within 10 days of the cancellation date or the school will subtract the amount from the refund. Any textbook purchased by the student can be returned and refunded only if in perfect condition. STRF and Registration fee are non-refundable. The Cancellation/ Withdrawal form must be handed, delivered or mailed to:

**California Holistic Institute
11555 Los Osos Valley Rd., Ste. 207
San Luis Obispo, CA 93405**

REMEMBER YOU MUST CANCEL YOUR ENROLLMENT IN WRITING. You do not have the right to cancel it by phone or by not coming to classes.

IF YOU HAVE ANY COMPLAINTS, QUESTIONS, OR PROBLEMS WHICH YOU CANNOT WORK OUT WITH THE SCHOOL, WRITE OR CALL THE BUREAU FOR PRIVATE POST-SECONDARY EDUCATION:

**2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, or
P.O. Box 980818, West Sacramento, CA 95798-0818
www.bppe.ca.gov, toll-free telephone number (888) 370-7589 or by fax (916) 263-1897**

Refund Policies

The student has the right for a full 100 percent refund of all charges less the amount of \$200.00 for the registration fee is he/she cancels the enrollment agreement in writing prior to or on the first day of instruction, or the seventh day after enrollment, whichever is later.

In addition, a student may withdraw from the course after instruction has started and receive a pro-rated refund for the unused portion of the tuition and other refundable charges if the student has completed 60% or less of the instruction. Malpractice insurance, student tuition recovery fund fee and registration fee are non-refundable. Textbooks can be returned and refunded only if are in perfect condition. Students who completed more than 60% of the course are not entitled to a refund of tuition paid to the date of withdrawal.

Pro Rata Refund Policy Example:

If the student completed 60% or less of the course before withdrawing, the refund shall be a pro rata refund. For example, the tuition fee of \$1,800.00 minus \$200.00 (registration fee) = \$1,600.00. Divide this figure by the 200 class hours. The quotient of \$ 8.00 is the hourly charge for this program. The amount owed by the student for the purposes of calculating a refund is derived by multiplying the total hours attended by the hourly charge for instruction plus the amount of the registration fee.

Example:

If 100 hours are completed then **$100 \times \$8.00 = \$ 800.00 + \200.00 (registration fee) = \$ 1,000.00.**

This is the amount the student owes the school. Refunds will be made no later than 45 days after the cancellation date.

Withdrawal Procedure

A student must terminate his/her enrollment in writing. The actual day of cancellation is the date the school received the cancellation form in person or the date postmarked (if mailed). The refund calculation is done from the date of the form **WHETHER OR NOT THE STUDENT WAS IN ATTENDANCE**. Any refunds due will be sent no later than 45 days from cancellation notice.

Additional Charges

Any Student who does not complete a course within the allotted contract enrollment period will be charged at the same hourly rate for any additional time required for completion. Exceptions will be made for approved Leave of Absence or changes in status are approved upon written request of the school for extended illness of the student; birth or death in the student's family, or other reasons deemed legitimate by the school and which can be substantiated in writing. Normal enrollment periods provide arguable allowance for limited excused absences.

Materials

All textbooks and training materials for the course selected will be supplied by California Holistic Institute at the stated charges. Lost, damaged, or stolen items will be replaced at the expense of the student. Once purchased, books and other materials become the property of the student. The school accepts book returns only if the student withdraws and the books are in perfect condition.

Returned Check Fee

Students making tuition payments with checks of insufficient funds will be charged \$25.00 and required to pay balance when due in cash or with certified checks.

English as a Second Language

California Holistic Institute offers classes in English only, and does not provide any English language services. In regards to the Proficiency Level Descriptors for California English Language Development Standards, students are required to communicate at an Emerging Level. Documentation of this proficiency that will be accepted is as follows: the student's ability to read and write will be based on the completion of the Enrollment Agreement and the Application; and the ability to speak by interacting in a personal interview with the Director and/or Administrator.

Student Loans

California Holistic Institute does not participate in federal and/or state financial aid programs.

If a student obtains an outside loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If a student receives federal student financial aid funds, the student is entitled to a refund of the money not paid from federal financial aid funds.

Instructors

Deb Corradini, CMT is a holistically minded woman who has been involved in the healing arts for many years. She is a firm believer in the mind-body connection and in the healing powers of one's own mind and body to heal both the individual and the planet upon which we live. Deb graduated from California Holistic Institute in 2005 and immediately began working out of a day spa in Paso Robles. Later she created her own massage studio on her property and built a therapy pool where aquatic therapies can be learned and received. Prior to turning to body work as a full time profession Deb spent the earlier part of her life creating and managing different businesses including 12 years as the general manager of a well known and very successful company. Currently, she works as a massage and aquatic therapist, teaches classes at CHI and spends time pursuing her passion for creating an organic and sustainable food source.

Leslie Cotham, CMT graduated from Hirudaya Holistic Life Center in San Luis Obispo in 2002. After further study in the field of Sports Massage with a focus on injury recovery and prevention, she went on to teach “Sports Massage” and “Ethics and Professionalism for Bodyworkers” at Hirudaya until 2006.

Leslie currently has a successful massage practice in San Luis Obispo, (Energy In Motion Massage) focusing on injury prevention and recovery. She has been the official massage sponsor for the Cal Poly Triathlon Team, as well as the Central Coast Tri-Sports Club. She has worked with Olympic, Professional, and Semi-Professional athletes, and was a member of the Health Care team at the 2010 U.S. Open Golf Tournament in Pebble Beach.

In addition, Leslie is the official massage therapist for xXx Racing (Cycling Team) for spring training in San Luis Obispo each year, and is on staff with Get Off The Couch Potato Sports Productions, who produces the San Luis Obispo Marathon & Half, The Central Coast Cancer Challenge 5k & 10k Races and The Giro Della Costa Centrale Classic Italian Cycling event.

Marilyn Draper, CMT studied massage from 1993-1997 while living on the island of Kauai. She became licensed by the state of Hawaii in 1994. Her specialty is Hawaiian Lomi Lomi.

Marilyn taught Lomi Lomi in Saratoga, California and in the bay area while developing her own private practice. In 1999 she began teaching at California Institute of Massage and Spa Services in Sonoma where she continues to teach twice a year. She is licensed by the state of California (with the Bureau of Vocational Education) to teach Lomi Lomi.

David Goldeen, CMT has been practicing massage therapy since 1987 in San Luis Obispo and has a private practice. He first attended the Esalen Institute of Big Sur and received his Massage Practitioner training. He is a Certified Massage Therapist with the state of California. He later continued his education and has extensive training in Myofascial Release techniques with John F. Barnes PT MFR Seminars from Nov. 1999 – Oct. 2006. David began his teaching career in 2011 with teaching private classes in MFR and became an assistant teacher with John F. Barnes PT Seminars in Sept. 2012. He has been part of the faculty of California Holistic Institute since 2011 teaching an introductory course in Myofascial Massage and is very passionate about his work which is demonstrated through his teaching.

Barbara Kelly is a Licensed Massage Therapist in Hawaii. She graduated from the Hawaiian Islands School of Body Therapies 1,000 hour program in 1994. Her training and massage therapy repertoire include Myofascial Release, N.M.T. (neuromuscular therapy) or Trigger Point Therapy. She has built a successful private practice of her own specializing in pain and injury care in Atascadero, California since 1996. Barbara has been an instructor of massage at various schools since 1998. She was also an instructor to Japanese students at Dreamland Massage Training on the Big Island of Hawaii for 2 years. Currently she offers Trigger Point Therapy classes in the 500 hour program at the California Holistic Institute. Barbara's hope for the future is to continue giving the gift of massage instruction, and the touch of massage to people always.

Seymour Koblin began his career as a holistic practitioner and educator in 1978 in New York City while studying with [Master C.K. Chu](#), Wataru Ohashi, Michio and Aveline Kushi, Shizuko Yamamoto and Anne Marie Colbin. He moved to San Diego in 1987, when he began his role as an instructor and the eventual director and founder of the School of Healing Arts in San Diego. He is the creator of Zen-Touch™, a health-balancing system that incorporates traditional Asian philosophy and healing methods into a flowing system of bodywork and assessment/recommendation counseling.

Known for his uncanny ability to intuitively understand a person's most relevant life issues, he guides people to integrate their health with the cycles of nature. Exercise (based on Eternal Spring Chi Kung, Nei Kung, and Tai Chi Chuan), Whole Foods Nutrition, and Way of Life Recommendations are included in his work.

As an educator, Seymour creates an interactive environment where participants experience many different facets of themselves through humor, movement, music, touch, intuition, art and poetry.

Danielle Krywko CMT, graduated from California Holistic Institute in 2009. She continues to take classes to further develop her knowledge and practice. She has a private massage practice in Paso Robles at MOD Studio. She specializes in deep tissue and therapeutic massage. Danielle is also a certified yoga instructor with 300 hrs of training, which enhances her understanding of anatomy and body mechanics. She owned a yoga studio in Atascadero from 2009 – 2014. She continues to teach a loyal following of yoga students weekly. Danielle has a great love for teaching and healing. She very much looks forward to sharing and learning with others.

Tyann Linden CMP, experience in the healing arts began at age 14 and has never ended. She believes that it is a journey for life. She is a CMT with 12 years experience. She specializes in Swedish, Esalen, Deep Tissue, Myofascial, Cranial Sacral, Pregnancy Massage and Energy work. Tyann is a Reiki Master (teacher) with 16 years experience and is a facilitator at the Hearst Cancer Resource Center in SLO. She has studied herbology for over 25 years and is certified through Michael Tierra's East West course in Herbology. Her passion for teaching and sharing her knowledge comes from the joy in awakening the healer in her students.

Joanne Mapalo CMT, has been an instructor of massage therapy teaching in both our 200 – hour and 500 - hour programs here at CHI. She has practiced massage therapy for over twelve years. She instructed for three years and was an Associate Director for a massage school in Southern California before moving back to the Central Coast. Some of her specialties in massage include: Sports Massage, Pregnancy & Infant massage, Shiatsu, Deep Tissue and Reflexology. Joanne is excited about the opportunity to teach and share her knowledge.

Marian Martinho, CMT is the founder of "CHI" and has been an instructor of massage therapy for over 19 years now and has been in the healing arts profession for 22 years. She taught massage therapy for over eight years at California State University, Fresno. Also, she has taught various massage therapy courses for 13 years at BPPE state approved schools. She currently teaches various courses in the 500 hour program, such as: Deep Tissue, "SRT," Jin Shin Acupressure, Chair Massage, and Touch for Health.

Ms. Martinho has worked as a sole proprietor in the massage profession, and has worked closely with physical therapists, and chiropractors. She owned the California Massage & Wellness Center in Fresno prior to moving to the Central Coast. The center had six massage therapists all who practice various forms of massage and body work. She is very energetic and is passionate about sharing her knowledge and experience to others.

Melanie Sachs, CMP The pioneer of integrating of Tibetan and Indian Ayurvedic wellness techniques into the spa and beauty industry, Melanie Sachs has worked steadily over the last twenty years to bring the deep benefits of this sacred healing art to her students and clients world-wide. Through her writing and teachings Melanie explains that it is by eating a healthy diet, participating in suitable exercise and regular spiritual practices together with a natural skin care regiment that we all can reach our goal and discover our own personal happiness and lasting radiance; a quality in Ayurveda beyond inner and outer beauty known as our secret beauty.

Melanie teaches world-wide training individuals and spa teams in standard and signature Ayurvedic treatments using their organic essential oil blends, powdered herbs, and specialized Ayurvedic spa equipment they personally designed. She is the main trainer in Ayurveda for the Buddha Bar Spa chain, the first group to fully embrace the full flavor and all the traditional Tibetan protocols in the Diamond Way Ayurveda system. The name "Diamond Way" comes directly from the Tibetan tradition and means that our path to the highest joy is through helping others. It is this core belief that fuels the energy behind her work.

Sue Torrey, CMT has been an instructor of massage therapy since 2007 with over 600 hours of training in bodywork and massage therapy. She is a proud graduate of the very first massage class at California Holistic Institute (2004).

Sue has long had an interest in and enthusiasm for mind/body as an integral whole, and has experienced healing in her own life and in the lives of others. Although she is a registered nurse with over twenty years of experience in acute care nursing on the Central Coast, she is a believer in the use of alternative therapies and the exploration of the spiritual and energetic dimensions of our own life experience, and of our connections with each other and the world around us. She sees health as a question of balance in which all that we touch with our bodies, our minds and our spirit plays a part. She shares with her students her belief that we are always doing energy work when we are working with others. She loves teaching and sharing her knowledge, her enthusiasm for our amazing bodies, and her love of the many ways of connecting energetically with others.

Maggy Troup, CMT is a state certified massage therapist. She believes in holistic practices and healing through bodywork. Maggy graduated from Thousand Oaks Healing Arts Institute in 2001 and pursued a career as a massage therapist in chiropractic offices and health spas. In 2002, she opened a private practice. She later went on to pursue a Bachelors degree in Kinesiology from California State University, Sacramento. Utilizing her degree in Kinesiology, she pursued bodywork in injury management. Maggy started teaching the day program and the advanced anatomy and kinesiology courses at CHI in 2014. She specializes in sports massage, deep tissue, and trigger point.

Cameron West, CMT, SEP, APE is the creator of Aquatic Integration technique and owner of the AquaZen Center. She has been a practitioner and an internationally known teacher of Watsu for over 17 years and has been instrumental in promoting Watsu, Aquatic Integration and Ai Chi into the clinical therapeutic arena. From 1984-1998 Cameron served as the Aquatics Director at Easter Seals Rehabilitation Center in Ventura, CA. She also served on the faculty of Oxnard and Ventura Colleges as an Adapted Physical Education teacher from 1987–2001.
