The following statement is to be read by the staff member co-ordinating a school event where parents may be taking photographs.

Apollo Parkways Primary School asks that any parent or visitor to our school who may be taking photographs today be mindful of their use of these photographs – particularly where the photograph may include other children, either directly or in the background.

Parents should be aware that there are a number of students whose parents do not give permission for their children’s photographs to be placed on the internet – and as a school we are required to ensure that this is adhered to.

We therefore request that those taking photographs here today be conscious of the wishes of other parents and not post photographs on the internet or social media sites.
