The Planning and development sub-committee of School Council has organised an information evening for parents of students in Prep to Grade 6 who attend Apollo Parkways.

“Maths for Parents” will be presented by Michael Ymer a specialist mathematics consultant who is involved in many Professional Development programs in schools across Australia and Asia.

Michael is an enthusiastic and entertaining presenter who has a clear and practical approach to the challenges that confront schools and parents in mathematics. On this evening Michael will address the following issues:

- What is my child learning in mathematics?
- How can I help my child become an efficient problem solver?
- How do children best learn mathematics?
- How can parents promote quality thinking and learning?
- How can I help my child in mathematics?
