

Birthday Parties

Color Clay Café puts the "ART" in PARTY! We are dedicated to bringing out the creative side in all of us. Prices below include staff guidance, use of paints and tools to decorate, as well as glazing and firing of ceramic pieces. We can also customize packages with three weeks' notice. There is also a \$20 room charge that allows you to have a private room for 2 hours. Typically, painters paint for the first 45 minutes to an hour with a helpful staff member to assist. The pieces are then taken away and the second half is reserved if you're bringing in goodies. (pizza, cake, ice cream etc.) It takes approximately 2 weeks for pick-up. Each piece will be packed up in a bag with the painter's name on it for easy distribution. The Birthday Party Contact Person is responsible for picking up the fired pieces to give out.

Due to space and time constraints you may start setting up 15 minutes before your party begins. Please keep your decorating and refreshments to a minimum. We are also aware that parents of the children often want to stay during the party. We do recommend dropping off and picking up afterwards. There is limited space available in the party room and it tends to get a little crowded for the kids and staff members. This is not always doable but it is recommended.
