Day Care Centers, Summer Camps, Home School*

Color Clay Café offers a variety of art activities to complement your own programs. Projects are geared toward different age levels and can be adapted to a variety of themes. We will also design new art programs to meet specific needs. Ask us for details.

Painting sessions are conducted by experienced artists and may be scheduled at your convenience at least a week in advance. The sessions are usually an hour to an hour and a half in length. Prices below apply to groups of 15 or more painters coming to our studio, or 30 or more painters at your site. All materials and studio fees are included for sessions conducted by one of our artists. A \$35 packing/travel fee will be added to sessions conducted by one of our artists at your site.

Want to reduce costs? Conduct your own paint session with *Pottery to Go!* There's no minimum purchase. We'll pack your pieces free of charge and provide detailed project instructions. Bring the pieces back in for glazing and firing. Prices for sessions without one of our artists do not include paints, brushes or other materials used to decorate. Refer to the charts below for prices and recommended paint quantities.

Costs depend on the number of colors desired and whether backgrounds are painted. If you're planning more than one paint session, multiple bottles or larger size bottles may be more cost-effective. (Acrylic paints may also be purchased at craft stores.)

Acrylic paints are for pieces that will be taken home the same day. (Remember acrylic paints leave permanent stains on clothing, floors and furniture. Not recommended for children under age 7.)
