

La Bella Amore

Name That Dish!

Making it real...and really making it! That's what we are doing at La Bella Amore, really making it. Every day, every order, every time! We don't make it till you order it so it's always hot and delicious and fresh from our kitchen. We only use the best quality fresh ingredients so it's consistently scrumptious. La Bella Amore is the perfect place to bring your holiday guests for a special treat.

Come on in to "Name that Pasta Dish" (pictured). See ad below for details.

Like you, I am anxiously awaiting the economic recovery we all keep hearing about. But I know, and you know, and I know that you know, that this elusive economic recovery is beginning to seem like a Unicorn...mythical that is. The good news is, that you can still dine out at La Bella Amore for a reasonable price. In most instances, dinner for two including beverages and dessert is still under forty dollars, not including tax and tip. Of course the sky is the limit if you aren't on a budget, but if you are, we're here for you. We don't mind if you share a meal and will not add a surcharge for doing so. We don't mind if you drink water to avoid the cost of beverages and we do offer a limited children's menu for the wee ones. (under ten) The bottom line is that without you and your families, we don't exist, so we want to make it affordable for you to continue to partake of our delicious food.

For those of you who purchased the 2012 Bulldog card. The offer from La Bella Amore is for 10 percent off any purchase, not \$10 off. The error was on the part of the company who prints the card and was printed without them sending me a proof of the ad. Apologies for any inconvenience this may cause my customers.

Don't feel like cooking? Don't have time to cook a fresh nutritious meal for your family? Good news for you. La Bella Amore offers a variety of family size meals ready to go. Enough food to feed four to six people. We offer spaghetti with meatballs or Italian sausage, fettuccini alfredo with chicken or shrimp, chicken parmesan, eggplant parmesan and so on. Each dinner includes a main dish, a family size salad and garlic bread. You can't beat the price and you can't

make it at home for less. Most family dinners are priced less than \$30. Give us a call or stop by and we'll have one ready for you in about fifteen minutes. That's fast food time without the fast food taste!

We also have a WeightWatchers menu, for those of you who are looking to eat on the lighter side of things. We offer meals from four points to infinity and beyond. Ask for a menu.

At La Bella Amore we also have a wonderful Vegetarian menu as well as several Vegan options. Our Marinara sauce is 100 percent vegan, so top some pasta with it and you're all

set. If there is something you would like that is not on the menu, whether, regular, vegetarian, or vegan, just let us know and we will do our best to create it. We cook our food fresh to order so it's never a problem.

Drop by 209 S. Green St. any evening after 4:30 p.m. for Tehachapi's best Italian food, always fresh and homemade from scratch in my kitchen from my own original recipes. Try our fresh gourmet pizza, it takes a little longer than others, but it's worth the wait. Choose one of our popular Italian staples like chicken parmesan, spaghetti and meatballs, fettuccini alfredo or cannelloni. If you are a vegetarian or vegan come on over, we have a great selection of dishes for you too, like Pasta Primavera, Angel Hair Fresco, or our hot gooeey Eggplant Parmesan. Every dinner entrée is still served with fresh house salad and garlic bread at no additional charge. Choose one of our original recipe homemade salad dressings or upgrade to our Tuscan Onion soup, spinach salad or caesar salad for only \$2 more.

Every Friday and Saturday evening we feature live music by local musicians including The Pat Strong Trio, The Geezers, Craig Shaw, Alicia Hansen, Movin' On, The Jug Band, Blue Rose, and Ron Kelbaugh After you've tried all the rest...come back to the best, Tehachapi's oldest Italian restaurant. Since the owner of La Bella is also the executive chef at La Bella, the food is the same consistently delicious fare that has always been served at La Bella. Stop by for a meal, you'll be glad you did!

'My' Success Consultant

Here Is The Opportunity You Have Been Waiting For!

Voila! You said you needed it, wanted it, been waiting for it and now it is finally here. Just for you! Yes, I created it specifically for you. What is it? I am not telling you — just yet.

However I will tell you this: Nothing makes me bluer than witnessing failed dreams of great people with great ideas, abilities and businesses. Do you know why? Because even though I have made most of my dreams come true, I always have new ones. The more people succeed around me, the easier it is for me to continue on my path. Accordingly, I have a huge investment in my community's success, because the more success there is, the happier we all will be.

When I see that some business owners are not blossoming, they are disappointed with sales or are close to shutting down, I share my vision: Let us revitalize Tehachapi's business life and prosperity! We can create success and more happiness.

If you love what you are reading, start with taking an honest look: Are you in business or do you just have one? Profit is a significant measure of business. If you are not making a profit, you have a hobby or are running a non-profit. If you just have a business; you are a dreamer and do not take massive actions. If you are in business you do whatever it takes to meet your numbers, you take risks and invest in your goals. I have always taught my clients to treat their expenditures as investments. Instead of focusing on the cost, see the return on a given expense. I have acquaintances who pick on me for eating organic food. They say it is expensive. "Not as expensive as being sick!" — I answer. I treat my food as an investment in my well-being. Attending reunions I have heard that some of my former classmates have (costly) health issues, also most look 10-15 years older, while my "investment" is paying off beautifully (no pun intended).

We are experiencing a new era in many ways, including business techniques, strategies, tools, implementations. Consumers' expectations have also changed. These are reasons some business owners

do not know how to proceed. Now make no mistake, even in this economy, there are enterprises that keep growing and making

money. So can you! Where you are in your business, is your decision. The good news is that, if you are not satisfied with what is, you can always make a different choice! I have decided to support local business owners by creating two opportunities. One of them is a Christmas gift in the form of a \$50 rebate on your purchase of a consultation package.

I have also designed a business seminar "How to Increase Your Sales." The event is for

entrepreneurs who have made the decision to have a successful business. It is for those who are ready and willing to do the work to be profitable, invest in themselves, and who no longer want to run their lives as yesterday's dial-up.

I will teach you ways of how you can develop and expand your business, obtain (and manage) clients, market effectively, have a powerful internet presence and manage your time efficiently. You will not have to go to Bakersfield or Lancaster, the seminar will happen right here in Tehachapi on Jan. 14, 2012, from 2 to 4:30 p.m.

The fabulously fun Pictures Perfect store, its delightful owner Kathi Hinkle and the ever-present The Loop have taken on sponsorship. In addition I have initiated conversations with additional business organizations to make the "How to Increase Your Sales" seminar affordable to those who are truly committed to success. The event is all about you, so tell me what you need for your business. You can be in touch here: www.mysuccessconsultant.com/contact/ I am working on making this seminar the most comprehensible, informative and helpful business event that has ever taken place in Tehachapi. I want it to be powerful, transformational, full of business building secrets and breakthroughs.

As Tony Robbins said, "If you do what you've always done, you'll get what you've always gotten." With this class, I intend to erase all possible excuses there can be. Write to me. Are you in?
