

Dear Parent or Guardian:

Each year schools in Oklahoma share with our community our *District and School Report Cards*. Report cards answer important questions about the overall performance of our school and contain specific information about student enrollment, teacher qualifications, student achievement, accountability, how a school is performing relative to other schools in the state, and the progress made toward narrowing proficiency gaps for different groups of students. The most current data, from the school year 2015 – 2016 is provided below. Please click on the links provided to view our elementary, high school, and district report card.

Robert Weckstein  
Frontier Superintendent
