February 22, 2012

Parents, Alumni, and Bishop Foley Students,

Each year Bishop Foley is presented with new and exciting ventures for our students and families. Many of these opportunities are things that will help foster the mission that drives us as a Catholic school community. It is our job to carefully look at each opportunity and make sure that if we move forward, it is in the best interest of Bishop Foley as a whole community.

Currently, we have many clubs that are being created. It is important for us to establish rules and guidelines that are fair and equitable for all of our students.

Many clubs currently fit within the new guidelines. Champions Club is one of the clubs to which we need to make adjustments.

Champions Club will now be available to current BFC students only (As with all other clubs). Anyone who is not a current student will not be able to participate in this club. The current club moderators have been offered the opportunity to continue this club with our current students.

Those non-students who have paid ahead for the spring session will be reimbursed via a school check.

Thank you for your understanding as we continue to meet the mission of Bishop Foley Catholic High School.

Sincerely,

Patricia Domagala
Principal

Marc West
Athletic Director
