INNOVATION

EDUCATION

### The Xenith X1™ Football Helmet

#### Featuring Xenith Adaptive Head Protection™

- Adapts to impact energy and direction
- Reduces the sudden movement of the head during impact
- Combats the cumulative effects of every hit

#### Built for Players

- Provides a snug and comfortable fit, with no pumps needed
- Lightweight and well-ventilated
- Attractive and low-profile

#### Built to Last

- Made from the highest quality materials
- Outstanding multi-impact durability
- Easy to maintain

### Did you know?

- A concussion is a disruption of brain function resulting from a sudden, violent movement of the head.
- Reported concussions have been described as the “tip of the iceberg”; most concussions go undiagnosed.
- All impacts, high and low energy, are cumulative and potentially damaging.
- Every hit is different, and every hit counts.
- Xenith wants you to be well-informed and well-equipped.
