### AINS Scores High Marks in New Gartner Critical Capabilities Report

Gartner has recognized AINS in its 2015 Critical Capabilities for BPM-Platform-Based Case Management Frameworks for its [eCase platform Version 9.0, 2014](#).

AINS is one of 12 Case Management Framework (CMF) providers evaluated in the new report. Gartner evaluated each vendor against nine critical capabilities, and across four common use cases.

See how AINS' eCase ranked. [Read the full press release here >>](#)

### DISA Approves AINS for Provisional Authorization

The Department of Defense (DoD) listed AINS among its selection of cloud service offerings granted a Department of Defense Provisional Authorization (DoD PA) to host DoD mission data up to Impact Level 2 in a cloud environment.

AINS has been listed as one of only 23 cloud service offerings granted DoD Provisional Authorization. AINS was selected after demonstrating compliance with the Federal Risk and Authorization Management Program (FedRAMP) Moderate baseline.

## AINS Product Spotlight

# eCASE INVESTIGATIONS

## FOR INSPECTORS GENERAL

eCase Investigations automates, tracks, and reports on the complete IG investigations process, improving efficiency, providing real-time process transparency, and speeding report generation. In addition to comprehensive investigative features, eCase Investigations is built on the adaptive eCase Platform, allowing it to be easily tailored to unique IG requirements via configuration, not coding. Configuration over coding means faster implementation time, lower change cost, and longer system life.
