Lesson 1: Wisdom

The fear of the Lord is the beginning of knowledge, But fools despise wisdom and instruction (Proverbs 1:7).

1. As this study begins, the student is challenged immediately to commit himself to the pursuit of wisdom and knowledge (Proverbs 1:1-7). According to verse 5, what will a wise and understanding man do? How will he or she accomplish these objectives?

2. In your own words, define the “fear of the Lord.”

3. Does Proverbs 1:20-33 seem to indicate that wisdom is nearly impossible to obtain or always present to be grasped by those interested? According to verses 26-29, what will wisdom do to those who reject it?

4. Read Proverbs 2:1-22. What is the implication of verse Second regarding man’s responsibility in the search for wisdom?

5. What will wisdom accomplish for man, especially the young (verses 10-12)?

6. The pride of man often gets in the way of the quest for wisdom (3:1-8). What decision must a person make regarding his own opinions and the revealed will of the Lord, according to verses 5-7?

7. What role does wisdom play in planning for eternity (3:13-18)?
8. What makes wisdom the principal thing (4:1-13)?

Wisdom is the principal thing because it is not merely an intellectual or academic activity, but a practical matter, touching on every facet of life.

9. Wisdom’s house is sound and well constructed (9:1-6). Consider the sermon by Jesus in Matthew 7:24-27. How might wisdom be applied to life in order to construct a sound “house” (cf. Proverbs 10:23-25)?

10. What is the difference in speech between the wise and foolish (10:14)?

Foolish people spout off and show their ignorance while the wise know when to hold their tongues.

11. Why is soul-winning evidence of wisdom (11:30)?

Winning souls is giving more people the ability to eat from the tree of life and bear fruit of their own to the Lord. The wisest thing a wise man can do is to spread wisdom around to others, that wisdom might cover the Earth.

12. When it comes to sin and temptation, wisdom is the ability to avoid the snares of death (13:13-14). What does First Corinthians 10:13 identify as the wisest means to avoid such a fall?

We should recognize that the temptation before us has been faced by many before and that God will never allow us to be tempted beyond our ability to resist, but will instead provide a means of escape that the wise man can take.

13. Sometimes wisdom is confused with humanistic pragmatism, a form of morality which values feelings over facts and allows for situation ethics and “little white lies” (14:6-8). Does the Holy Spirit allow that deceit might be a mark of wisdom under the right circumstances?

No, deceit is an example of the folly of fools.

14. The New Testament tells us to give people the benefit of the doubt and avoid jumping to conclusions about them (14:15-19; First Corinthians 13:4-7). How is the line drawn then between this attitude and sheer gullibility?

We must not be lively word at face value, but consider the matter carefully.

15. A man who always insists on having his way will alienate his friends and loved ones (18:1). He will ignore the counsel and concerns of others to his own detriment. What do the following New Testament passages say about influence?

10. Richness and poverty are usually confused to the human perspective (Proverbs 13:7). Consider Revelation 2:9 and determine how the saints in Smyrna were rich in God’s eyes, but not man’s.
