

Call for Presenters

Pacific Northwest American Therapeutic Recreation Association

Annual Conference

Friday, January 30, 2015
Good Samaritan Hospital, Portland, Oregon

Greetings! The Board of Directors for the Pacific Northwest American Therapeutic Recreation Association invites submissions to present at our upcoming annual conference Friday, January 30, 2015 at Legacy Good Samaritan Medical Center in Portland, Oregon. This conference provides annual continuing education and networking opportunities for CTRs in Oregon and Southwest Washington.

Conference Theme: “Therapeutic Benefit of Recreation for Those Experiencing Disability”

Presentation Topic Suggestions: Creative presentations that speak to benefits of recreation for individuals experiencing disability. Suggested topics include but not limited: innovative programs, evidence based practice, applied research, and program needs. Last year our theme addressed development within the Therapeutic Recreation field. This year we want to offer presentations that dig deeper into the importance of what we “do” and innovation for the future.

Presentation Submission Deadline: Friday, October 17, 2014

Proposal Requirements:

- Presenter biography and contact information including address, phone, and email.
- Presentation description including three measurable learning objectives and how the presentation fits the theme of the conference.
- Presentation outline including length of presentation.
- Audio/visual needs list
- Submit any requests for accommodations, travel, presentation support, or speaking stipends.

Special Considerations: Web-based presentations will be considered and are strongly encouraged.

Proposal Submission: For questions and proposal submissions, please send required proposal documents to Rachel Gorman, PNWATRA President at pnwatra@gmail.com.
