Bill Eggers (William D. Eggers) is a leading authority on government reform. His books ([Amazon link]) include the Washington Post best seller *If We Can Put a Man on the Moon: Getting Big Things Done in Government* (Harvard Business Press, 2009), *Government 2.0* (Rowman and Littlefield, 2005), *Governing by Network* (Brookings, 2004), and *The Public Innovator’s Playbook* (Deloitte Research 2009). His books have won numerous awards including the Louis Brownlow award for best book on public management, the Sir Antony Fisher award for best book promoting an understanding of the free economy, and the Roe Award for leadership and innovation in public policy research.

Bill serves as global director for Deloitte Research including Govlab and executive director of Deloitte's Public Leadership Institute.
