Heidelberg College, Tiffin Ohio
1992 B.A. Political Science
B.A. Psychology

JASON DUNBAR

Jason Dunbar was introduced to the marine industry as a teenager working in an Ohio boat yard. He worked in the boat yard while attending Heidelberg College and earned Bachelors degrees in both Psychology and Political Science. After graduating in 1992, he moved to Florida and began working at the Miami Beach Marina as a licensed Florida yacht salesman and licensed captain.

In 1996, Jason moved to Ft. Lauderdale to work for Andrew Cilla at Luke Brown Yachts. Luke Brown Yachts has afforded Jason the opportunity to work with a wide range of yacht sizes, both sail and power. The past 15 years in the yachting industry has enabled Jason to become familiar with the waters of the Americas, the Caribbean, and Europe.

Selling and operating yachts has kept Jason close to many of the people that contribute services to the yachting industry. Like all yacht brokers at Luke Brown, he aggressively works to provide ethical and fair service to the customers that make Florida the Yachting Capitol of the World.
