### **SMS PTA Mission Statement**

We are a 501(c)(3) nonprofit organization made up of parent and community volunteers, working for the benefit of all students at Stanford Middle School (and other children in the community when possible). Although we do some fundraising, this is not our main purpose. SMS PTA focuses on providing programs and activities for our students, support to our school staff, communicating with parents, and offering parent education for SMS families. We are also part of the larger PTA network including the California State PTA and National PTA.

### **California PTA Mission Statement**

The mission of the California State PTA is to positively impact the lives of all children and families by representing our members and empowering and supporting them with skills in advocacy, leadership, and communication.

*California State PTA Board of Managers, July 2007*

### **Purpose of the PTA**

- To promote the welfare of children and youth in home, school, community, and place of worship.
- To raise the standards of home life.
- To secure adequate laws for the care and protection of children and youth.
- To bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the education of children and youth.
- To develop between educators and the general public such united efforts as will secure for all children and youth the highest advantages in physical, mental, social, and spiritual education.
