

Control Test 19

Step 1: Network engineering policies and procedures dictate how network systems function to include dynamic host configuration protocol (DHCP) servers

Step 2: DHCP servers provide IP addresses to systems on the network

Step 3: Network devices perform DNS lookups to internal DNS servers

Step 4: Internal DNS servers perform DNS lookups to external DNS servers

Step 5: Network engineering policies and procedures dictate how a central network management system functions

Step 6: Central network management systems configure network devices.
