If you missed market this week, I am here to tell you missed out on one fantastic day at the market. We had our first drawing for the Rabbit Creek Products and the huge Crock Bowl. And the winner was..... Drum roll please.....It was our own Chamber of Commerce Director - Mr. John Chamis.

And music by Miss Margo Rodewald was just incredible. What comes out of this young ladies mouth is truly a gift from God. I hope when she gets all done with college that I will be attending her concerts in Branson Missouri.. She sang Patsy Cline hits such as Crazy, LeAnna Rhimes hits like Blue, Debbie Boone...You Light up my Life. San Antonio Stroll was one of my favorites and in honor or her own grandfather and Fathers Day she sang on old Judds song,, "Grandpa" Just beautiful. Check out the calendar and come and hear this little gal sing. I just can't say enough about her voice.

This week we will have a new group singing and playing Rock music and Country music. They are led by Larry Spillman from Drexel, MO.

I hope you will all keep Gene Jesberg in your prayers this week. He called me Wednesday at work to tell me he probably wouldn't be at the market on Saturday because he had been admitted to the hospital in Olathe for Heart Troubles. Gene sells fresh produce and of course some really good Jams & Jellies.

Also this week we will start our new Raffle for a Hand Quilted Picnic Tablecloth. Comes with jean pockets that even contain the napkins.
