

May 10, 2016

What a beautiful day it is today. This coming Saturday will be opening day at the Farmers Market on the square. This year we will run from May 14 thru September 24th. The only days we won't be on the square are June 11th (Car Show) and the Roots Festival (that is unless it rains of course).

The Paola Lions club (for those who don't know, our sponsors) will be kicking the market off with biscuits and gravy. Breakfast starts at 7:30 AM. Are you aware of what all the Lions Club does in the Paola area? We provide scholarships to high school seniors, sponsor Boys State, provide eye glasses for special cases, pick up trash on New 68 Highway, blood drives twice a year, and many more projects thru out the year. If you would be interested in serving your community please contact Larry McGee, Larry Lybarger, or Hoss Cartwright. You can always contact Vickie or me too.

I have received several new registrations for vendors who want to bring eggs, vegetables and fruit to the market this summer. So please share this email with all your friends and don't forget you can always check out our website www.paolafarmersmarket.org to find out what's happening.

I am also looking for musicians to join us in the Gazebo on the square. Check our calendar on the website to sign up for a Saturday to share your music with us. Nothing more relaxing than visiting with a friend and having beautiful music in the background. Or strolling thru the park finding your favorite baked goods and fresh produce.
