# A Perfect Armenian

THE  
NOVEL  
FROM  
KERI  
TOPOUZIAN

Trained as a chemist to work in the silk industry, Tavid trades his knowledge for both survival and the hefty profit of the opium trade. He is a major player in the local black market, moving stealthily through enemy forces often disguised as one of "them". After Turkish soldiers killed his beloved grandfather, Tavid's actions are fueled by rage. He becomes the misunderstood protector of his people; a charming one-man army, ready to take a life in order to save another. As he seeks justice, however, he learns that things aren't always, as they seem.

A novel based upon historic events, A Perfect Armenian leads us into the intimate world of cultural conflict. From Constantinople to Cyprus, the novel takes the twists and turns so deeply rooted in the duality of human nature.
