

## **Nutella Buche de Noel Cake (Christmas Log Cake)**

Serves 8-10

Making a Christmas log cake is simple. You can make it even with a cake mix.

1 recipe	chocolate cake, baked in a jelly roll pan
12 oz	nutella
1 recipe	vanilla icing

1. Bake your cake and remove from pan while hot onto a kitchen tea towel that has been dusted with powdered sugar. Remove the paper on the cake. Roll the cake into the tea towel.
2. Spread 3/4 of the Nutella onto the cake. Roll the cake back up.
3. Cover the cake with 1/4 of the Nutella and vanilla icing that has been blended together. Using a fork, rough up the icing to make it look like a log. You can use meringue mushrooms and candied cranberries to finish it off
