## 2017-20 Plan Summary

### THE STORY

Briefly describe the students and community and how the LEA serves them.

Dunham Elementary School is nestled in the rural dairy lands of northern Petaluma. Our school, established in 1870, is one of two in our small district and serves nine students in grade 6. Approximately 11 percent of our students receive free or reduced-price lunch. Our school community is a blend of families from all over the south Sonoma County area. More than 82 percent of students attending Dunham Elementary come from other districts. That being said, when families choose Dunham they become a big part of our school community. Not only do children feel at home here, but parents do as well. Our Dunham families participate in a variety of ways, from volunteering in classrooms to coming to our annual Pasta Feed and Crab Feed to helping run activities at our family Science Event and end of year Carnival.

At Dunham, promoting school community amongst students is important. To that end, every child participates in learning buddies with another class. We regularly have school spirit days that promote pride in our school and children participate in TRIBES. Every TRIBE is comprised of a couple of students from grades K – 6. They allow for an excellent opportunity to build a strong climate and positive relationships between kids of all ages.

We are committed to providing exemplary learning opportunities for all of our students. Our school vision is, “In partnership with our families, Dunham Elementary School is committed to providing an educational experience that will ready students for successful living in the 21<sup>st</sup> century.”

## LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

Working closely with stakeholders throughout the district, four goals have been identified for focus within the next three years:

**-GOAL 1: Student Engagement and Outcomes:** Students will demonstrate personal engagement in and responsibility for their own education. Students will continuously grow and display skills needed to succeed in life.

**-GOAL 2: Conditions of Learning and School Climate:** School and district will have safe, secure, and adequate school facilities.

**-GOAL 3: Student Outcomes:** Students at the school and district will be proficient in Common Core State Standards.

**-GOAL 4: High Quality Staff:** Each class in the school will have a highly qualified, appropriately placed teacher.

## REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

## GREATEST PROGRESS

One key strength that defines our learning community is our focus on the whole child and providing children with a variety of learning opportunities. With all stakeholders this strength was resounding and something we want to continue to do. As seen by our district and charter California Dashboard, we also have noteworthy strengths in our ELA and Math Caaspp scores. In both areas our students scored in the high range with over 20 points growth, netting a "blue" pie.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

## GREATEST NEEDS

Through our staff coherence work, the staff was able to identify a need that centers around student motivation, goal setting, and student skills. Through explicit communication, ongoing progress monitoring, and student goal setting, we hope to promote a school climate that encourages students to be more responsible and own their individual progress.

Suspension rate continues to be a concern. With the district being comprised of nine total students, any suspensions greatly impact our percentage. This year 11.1% of our students were suspended.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

## **PERFORMANCE GAPS**

As indicated by our district and charter California Dashboard, the socioeconomically disadvantaged and students with disabilities subgroups have a performance gap compared to all students in both academic indicators. In both ELA and Math, both subgroups scored in the low range, with students with disabilities scoring lower than socioeconomically disadvantaged. On a positive note, both subgroups have increased significantly in ELA. In Math, students with disabilities increased significantly and the socioeconomically disadvantaged group increased. As mentioned above, goal one’s action steps will provide more consistent opportunities to analyze data and determine best next steps to support students.

**INCREASED OR IMPROVED SERVICES**

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Based on staff and stakeholder feedback and research on effective practices, we are implementing several LCAP Action/Services to improve services for low income, English learner, and foster youth students. Specifically, we are focusing additional support into intervention and social/emotional well-being. Academic intervention will be determined based on student data from benchmark and summative exams. Additionally, students will be more involved in setting personal goals and progress monitoring. Counseling services will be increased to meet students social/emotional needs.

**BUDGET SUMMARY**

Complete the table below. LEAs may include additional information or more detail, including graphics.

**DESCRIPTION**

**AMOUNT**

Total General Fund Budget Expenditures for LCAP Year

\$772,710

Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year

\$168,272

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

Expenditures of \$36,000 funded by restricted federal programs such as Title I, Title II, Title III, and REAP support student and teacher learning. Special education expenses to support students with identified needs account for \$186,000 of the general fund budget. Support staff, and administrator salary and benefits budgeted as unrestricted general fund expenses account for over \$20,000. Other key expenditures include capital outlay for solar and lighting projects, staff professional development, insurance (property/liability/student), overhead for maintenance, custodial and utility costs, books and supplies, and instructional support services such as field trips, AV library/media, and instructional software and have a total cost to the general fund of \$236,000.

The district provides a fee driven day care program to support students after school ends, with expenses of \$70,000. Debt service on a loan to add a portable to provide adequate instructional space is \$56,000.

The district and charter share common expenses based on a percentage driven ratio calculated on student enrollment numbers.

## ANNUAL MEASURABLE OUTCOMES

### EXPECTED

All students, including unduplicated students and students with disabilities, will have at least 10 after school offerings over the course of the school year.

Improve attendance rate to 97%. Maintain "chronically absent students" at "0".

Maintain course access at 100%.

Improve Physical Fitness proficiency rate by 5%.

Improve parent participation rate in programs for unduplicated pupils and individuals with exceptional needs (as measured by school survey) to over 50%.

The following metrics are not applicable: Middle School dropout rate, High School dropout rate, High School graduation rate.

### ACTUAL

Dunham students had access to 13 district and charter funded after-school programs and 2 vendor driven programs.

As of P1, district students had maintained an attendance rate of 97.74%, P2 attendance data was 96.56%. There were no "chronically absent" students.

Course access was maintained at 100%.

89% of Dunham district students were proficient on all measures of the Physical Fitness assessment, an improvement of 10.4%. 100% of the students were proficient on 5 of the 6 Physical Fitness proficiency measures, an increase of 14.3% from 2014-15.

56.3% of our families responded to our annual school survey. Of those, 100% of the parents, including parents of unduplicated pupils and individuals with exceptional needs attended school functions/programs at the school and 93% reported feeling involved and part of the school community.

ANALYSIS

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Student engagement and interest is important to their education. Dunham district students were provided with multiple extracurricular programs that enhanced their overall learning. A student produced mural was created that engaged all the students at our school. It is a visible reminder of our school community and bond. While summer school and discounted daycare were offered, none of the nine district students participated in either. Additionally, parent involvement in a child’s education is critical. A large majority of our parents feel actively engaged and part of the Dunham community, as indicated by our annual parent LCAP survey.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions and services were effective in engaging students in their learning. However, because of the nature of extra-curriculars, which occur outside of the usual school day, the programs were not utilized by all students. A potentially more effective solution would be to focus on co-curriculars which would reach all the students. Summer school and daycare also provide targeted support to students on homework and additional learning needs. These programs, and the offering of a discounted daycare rate, are important in that they aide students in being able to engage in their classrooms and learning. Parent involvement was high and there are a many ways for parents to be involved at the school. Additionally, the variety of communication methods help to inform parents about the various opportunities.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

1.1, 1.2, 1.3, 1.5, 1.6 no material difference  
1.4 mural cost was covered by other source

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

### Analysis

Students were given a diverse range of after school enrichments. From all stakeholder's perspective, this is a keystone of what our school offers to our students. Summer school and discounted daycare are important aspects of supporting our students continued academic success. However, these opportunities were not utilized by our district students. Student engagement is pivotal to maximizing their learning. Parent engagement and participation continues to be high. Families in our community feel involved and part of the school, this level of involvement supports overall student learning.

### Change

Student engagement is pivotal to maximizing their learning. Through our staff coherence work, the staff was able to identify a need that extends our earlier definition of engagement to include student motivation, goal setting, and student skills. Through explicit communication, ongoing progress monitoring, and student goal setting, we hope to promote a school climate that encourages students to be more responsible and own their individual progress. Applied changes can be seen in Goal #1. One action step was deleted, specifically maintain or grow band program in response to student interest, because we have already met that goal and plan to incorporate it into the after school offerings action step.

# Goal 2

School and district will have safe, secure, and adequate facilities.

## ANNUAL MEASURABLE OUTCOMES

### EXPECTED

School will maintain:

- high FIT report levels (maintain current levels: “4” or “good”),
- low suspension rates (under 5 days),
- low expulsion rate (0), and
- high “positive indicators” on the School Climate Survey (90% for positive school climate).

### ACTUAL

District school maintained high FIT report levels.

One student served a one day in school suspension.

There were no expulsions.

95% of responding parents to the LCAP School Climate survey indicated that their child feels safe at school.

## ANALYSIS

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	All actions/services were implemented as specified.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	Desired outcomes were positive. School safety and climate were rated highly by both parents and students on the local LCAP/school climate survey.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	2.1, 2.2, 2.4 no material difference 2.3 – estimated cost of \$621 less than budget of \$2500 for 2016-17...a portion of this work was done in June 2016 and therefore expenses in prior year totals not in 2016-17

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Analysis

School safety and climate were rated highly by both parents and students. The facilities scored in a satisfactory range as per the annual FIT report. The modular installation was completed.

Change

Maintaining safe and secure facilities and campus environment continues to be a priority. There are no significant changes other than to adapt the campus needs to current ones (i.e. French drain installation rather than installing a new portable in goal 2, action 3). The modular building was installed and therefore will not be carried forward.

### Goal 3

Students at the school and district will be proficient in Common Core State Standards.

#### ANNUAL MEASURABLE OUTCOMES

##### EXPECTED

Student achievement on the SBAC summative assessments will increase by at least 5% over the 15/16 rates.

School and district will maintain CELDT “Early Advanced” scores for over 80% of students.

School and district will maintain high EL Reclassification Rate, and full implementation of Common Core and ELD standards.

All students, including ELs, low income and foster youth will have sufficient textbooks in accordance with the Williams Act.

##### ACTUAL

Student achievement on the SBAC summative assessment showed an increase of 30% in English Language Arts and an increase of 95% in mathematics.

No district students took the CELDT.

No district students were reclassified because none of the district students were English Language Learners.

As observed in classrooms, the school is fully implementing Common Core and English Language Development state standards.

Students will have 100% of course access required by Ed Code 51210.

In accordance with the Williams Act, all students have sufficient textbooks.

Course access is 100%.

## ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Actions and services for this goal were fully implemented and adhered to.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Having fully qualified, appropriately placed teachers in the classroom is critical to student success and achievement. As indicated by our SBAC scores which show an increase of 30% in ELA and 95% in Math, having knowledgeable teachers who are familiar with best practices, differentiated ways to teach material, and common student errors allows for optimal student learning.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

1.1 No changes to staffing due to enrollment were required, however, step/column and retirement increased \$19,491 over prior year teacher cost. Therefore the anticipated additional costs were less than anticipated.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

#### Analysis

A highly qualified teacher is critical to student success. All of our teachers are highly qualified and appropriately placed.

#### Change

Since our student population had held fairly steady, there is currently not a foreseeable need to adjust staffing. The action (goal 4, action 1) has been modified slightly to allow for adjustment and also ensure a highly qualified teacher is appropriately placed.

### INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

Draft of LCAP published online on May 26

Board Study Session on March 7 - Discussed current school strengths, identified next steps, discussed alignment with school vision

Board Meeting on June 6 – Public Hearing: District and Charter School LCAPs

Board Meeting on June 6 – Public Hearing: Budget

Teacher Meetings, including Collective Bargaining Unit members, were conducted on every other Wednesdays between December and May – Focused on Coherence work and goal setting, staff collaboratively developed Goal #1 with several of the action steps

Staff Meeting on May 3 reviewed and discussed data from the parent and student annual survey

Parent Coffee on January 23 – Parent provided input on current strengths and potential next steps

Parent Coffee on March 10 – Parent shared ideas that would enhance parent engagement

Site Council Meeting on November 21 – Reviewed progress on 2016-17 LCAP goals and action steps

Site Council Meeting on January 30 – Collaboratively discussed parent and student school climate annual survey. Survey to be administered at the beginning of March, 2017

Site Council Meeting on April 3 – Reviewed California Dashboard data; Reviewed data from parent and student LCAP/school climate survey

Site Council Meeting on May 8, 2017. Final review and input on both Charter and District LCAP

Parent LCAP/School Climate Survey – administered in March, 2017

Student LCAP/School Climate Survey – administered in March 2017

## IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

Input received from these various meetings and stakeholders impacted the LCAP in the following ways:

- Whole staff collaborated to develop goal #1
- Strengths include the extra-curricular after school learning opportunities that we provide for students. Stakeholders wanted to see those opportunities continue.
- Parents and staff want to continue focusing on social emotional learning and student skill development. Action steps related to this area can be found in goal 1 and 2. Students expressed value in the current social/emotional programs we currently utilize at the school. Continuing these can be found in goal 2.
- Staff expressed interest in ongoing communication with stakeholders around social emotional learning and programs. Staff also felt that report card revisions should occur to accurately reflect educational priorities/focus areas. This is included in goal 1, action 5.

- All stakeholder groups, including Collective Bargaining Unit members, expressed interest in getting the flooding problem near our new portable fixed. This is included in goal 2.
- All stakeholder groups, including Collective Bargaining Unit members, expressed interest in continuing to see our student excel academically. This is included in goal 3.
- Students expressed interest in a diverse range of after school programs. This can be found in goal 1.

# Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year

2017–18  2018–19  2019–20

Estimated Supplemental and Concentration Grant Funds:

\$ 2,345

Percentage to Increase or Improve Services:

1.35 %

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

The District's supplemental funds for the LCAP year 2017-18 is \$2,345. The district is a single school district and will be using 100% of Supplemental grant expenditures are targeted services. Supplemental grant expenditures include:

- discounted day care rates for families that qualify for the free and reduced lunch program \$100
- on-line program (Lexia) software costs to support English Learners \$175
- intervention support staff targeting unduplicated pupils \$2,305
- increased counselor time to support emotional needs of unduplicated pupils \$950

The total cost of the services is \$3,530 which exceeds the estimated supplemental grant funds of \$2,345.

The district has an unduplicated pupil percentage of 11.11% generated by 9 students with 1 identified unduplicated pupil count. The specified targeted services are aimed at improving student achievement and success. Day care provides an opportunity for ongoing support with homework. Lexia is a personalized learning system that focuses heavily on language, vocabulary, spelling, and grammar. It allows students to make significant gain in areas of need. Timely intervention is also critical to student success. Through whole class, small group, and individualized intervention qualified teachers are able to address academic concerns with students. The increased counselor time will provide students with an opportunity to focus on mental and social well-being. Before a child can optimize learning, they need to have those needs addressed.

The percentage by which services for unduplicated pupils must be increased or improved, as compared to services provided by all pupils is 1.35%.

The total cost of the services to unduplicated pupils is \$3,530 (a 2.2% increase) which exceeds the estimated supplemental grant funds of \$2,345 (a 1.35% increase).
