Your Vote In Ohio

A juvenile court judge in Hamilton County lost by 21 votes. After a two year court battle over county provisional ballots, she was declared the victor by 70 votes. Those without identification made the difference.

The mayoral election in Urbancrest (Franklin County) was decided by a coin toss because of a tied

Your parents and forefathers shed blood and fought for the rights of minorities and women to vote. Only white land owning males had the right to vote in 1790. It is our obligation to protect our right to vote!

The Power of One Vote...

When you think your vote doesn't matter, remember:

- In 1776, ONE VOTE gave America the English Language instead of German.
- In 1845, a ONE VOTE difference brought Texas into the Union. A SINGLE VOTE also admitted California, Oregon, and Washington to statehood.

John F. Kennedy's margin
 of victory over Richard
 Nixon in 1960
 was less than
 ONE VOTE per
 precinct.

In the 2008 Presidential election, about 41% of eligible voters did not cast a ballot!

 The reason affordable housing is not a top priority is that families with incomes below \$30,000 per year vote at less than 50% of the eligible voters. The reason that we

are debating more tax cuts for wealthy families is because those with incomes above \$100,000 have a voting rate of nearly 80% of eligible voters.

In 2008, nearly 50% of the eligible
Hispanic population did not vote. If
there was a higher percentage, the
Dream Act and immigration reform
might be a higher priority in
Washington.

 The reason that high unemployment among African Americans is not addressed in Washington or Columbus is because only about 65% of eligible voters voted in the historic Presidential election of 2008 up from 60% of eligible voters in 2004.

 We have a strong safety net for seniors (social security and health care) because 70% of those over 65 years of age vote. Seniors are one of the most reliable voting age populations.
