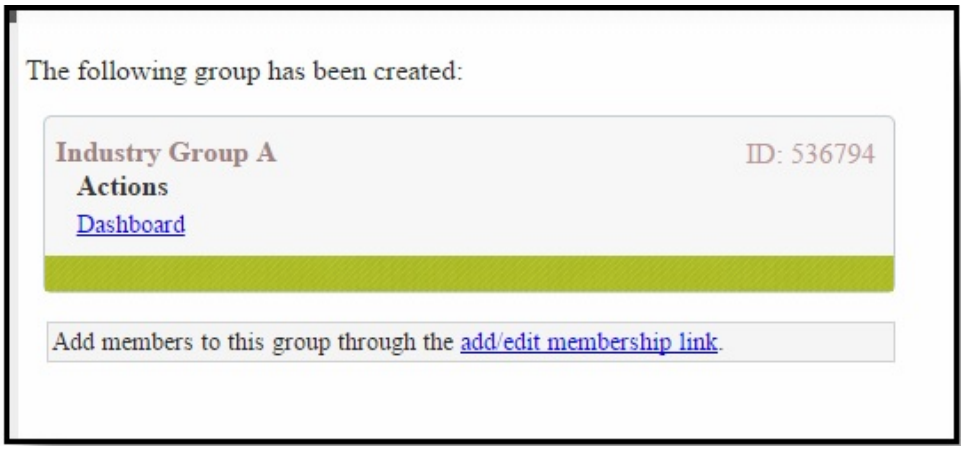
How to Start a Group for Industry Programs

This guide will explain how to start a group for Industry Programs: ALP, Color, Containerboard, Metals, Paper, Plastics, Rubber or Wine.

Click on "My Groups" on the left hand side of the page, under the "Data Entry" heading.

Then click on "Start an Industry Group".

Type in a user-defined group name in the box. "Industry Group A" is used in the example below. Finally, click on the "Create Group" button.


The following screen will appear to confirm that the group has been created and the group will be shown on the "My Groups" page.
