Philmont Cooperative

The Philmont Cooperative opened its doors in 2018, after many years of planning and development by numerous community members and especially PBInc. for acquiring the necessary partnerships and funding to renovate the building. We are grateful for the many contributions past Board Members, residents and supporters who developed and supported the evolution of the Philmont Cooperative. A special thank you to the anchor tenant that helped make it possible to open the doors, Lightforce Bakery, who grew out of our space and now operates out of Love Apple Farm Kitchen. We have had many other small and large producers lend their vibe and share their flavors with the community. We lost one of those producers not too long ago, Tyler Cluthe who was the Cafe truck anchor and dedicated Coop enthusiast. Thank you everyone for your support over the years.

We are making room for something new and different to come into being at the old Stewarts, as we officially begin the process of winding up The Philmont Cooperative and closing the doors on October 31st. Philmont Beautification Inc " will take over management of the building and producers are encouraged to reach out directly to PBInc for future arrangements by email at info@pbinc.org

We will celebrate our final Community Dinner as a potluck and will provide more details about the date and location soon. We hope you will join us in celebrating the many years of service The Philmont Coop has provided to the community.

Sincerely, The Philmont Market and Cafe Cooperative, Inc. Board

Shawn Grider, Alton Earnhart, Karine Bouis-Towe, Leah Guadagnoli
