Adults

Two taster session. Sep 2025 6 attended. Seven attended Feb 2026. Oddly none seemed to have joined the coaching sessions. Autumn 2025 beginners session started with just one the first two session then it was a steady four attendances. The intermediate session started with one as well then it was a steady three. Spring 2026 beginners session started overwhelmingly with eleven people attending in March. Then it eased off to six on average. The intermediates sessions were attended by three on average in the season.

Like any other year I urge anyone to become a coach.

Thank you to our current coaches Adam, Dagmar, Chris, Mary and Glennis

Children

We had regular group of six all through Autumn 2025. In Spring 2026 it started off the same. Then both Gerard's children joined BNDS. The year ended with four on average from around May. I had to cancel the very last session before the summer break, as I have no one who can cover for me.
