View on Leadership

Foundational Core Values

1. Do the right thing – Even when no one is looking
2. Take care of your Battle Buddies
3. Never compromise your integrity

What defines you? How do you want to be defined? What is your leadership philosophy?

What I Believe is Important...What Helped Me Succeed...What I Look for in Leaders

- 1) Define success – personal and professional – directly influences work life balance
- 2) Have a plan how to get there 1, 3 & 5 years
- 3) Take the hard Jobs – Jobs no one else may want – Run To The Fire
- 4) **Be Fair**
- 5) Leadership transcends all – you don't have to be the SME, but you must deliver
- 6) **Surround yourself with people smarter than you – Accept that you don't have all the answers**
- 7) **Remember – Every Problem Has A Solution – Bring solutions with your problems**
- 8) Performance alone does not equal promotion...Performance + Scope + Span does
- 9) **Take care of your employees – they will take care of you**
- 10) **Build a diversified network**
- 11) **All leaders are not managers, and all managers are not leaders. Be a leader**
- 12) If you are not challenged - find something else to do if you want to grow

Trends and Asks

1. **Convergence of Cyber Criminals and Nation State Attack Patterns and Tools**
 2. **US Financial Institutions Identified as Priority Target For China**
 3. **Ransomware & Theft of Intellectual Property** (Not Just a Criminal Activity – Business Model)
 4. **Attack via Identity – Less About the 4 walls (Firewalls etc.)**
 5. **Evolution of Phishing Attacks** (Convergence of Phishing w/Spam)
 6. **Emerging But Here - Increased Use of AI**
-

How Can You Help?

Report – See Something, Say Something, Do Something

- a) **Don't Take Phishing Bait** – Path to Installation of Malware and Workstation Compromise
- b) **Multi Factor Authentication** – Authenticator App/Yubi Key – Key To Keeping the Threat Out
- c) **Social Engineering** – Threat Path to Access via Legitimate Employee Credentials
- d) **Protect Assets** – (Laptops, Mobile Phones, Tablets)
- e) **Business Email Compromise** – Business Wire Fraud/Other Fraud
- f) **Breach Via 3rd Party Applications/Tools** – (Vendor and Supply Chain)
- g) **Training & Enforcement** – (Phishing, Social Engineering, Business Email Compromise, Insider Threat)
- h) **Completing Access Reviews** – Right Access to Right Person
